

MISERY INSPIRED MURDER

CONFERENCE OVER MEXICO

WILSON AND BRYAN IN ACTION

Cabinet Also Discusses Situation, But Policy Is Unchanged.

Censul Hamm at Durango Asks for Protection.

WASHINGTON, July 18.—Consideration of the Mexican situation today took much time of the President and the cabinet at a regular session and Secretary Bryan had a long conference with the President before the other members arrived. Although reports are coming in from various sources, the administration is looking forward to first-hand information from Ambassador Wilson, on his way from Mexico City. It was again authoritatively stated today that the attitude of the administration was unchanged.

In response to Consul Hamm's request for protection for Americans in the Durango section, the state department has demanded action from the Mexican authorities. The department "can't have" than usual, in that it requested the federal government to dispatch troops from Torreón.

Consul Hamm has previously requested the suspension of nationality, being held by revolutionists for ransom in Durango.

Official reports have come to the state department confirming earlier reports of outrages in Durango, following the occupation of the city by the revolutionary forces and describing conditions there as "deplorable."

The archbishop of Durango is among those held prisoners for ransom and the official report says "citizens without distinction of nationality" are being arrested and held for money.

The consul general at Tampico reported that he was in daily communication with Mario Sanchez and Otto Winters, Americans, under arrest there, and that everything was being done to hasten their release. He said nothing serious had been proven against them.

(Continued on Page 2, Col. 7)

GRAND JURY ASKS GAMBLING EVIDENCE

SAN FRANCISCO, July 18.—Foreman Gormley of the grand jury stated this morning that the legal body was ready to act in suppressing the gambling evil, providing the district attorney could furnish evidence regarding inactivity of the police or the culpability of the gamblers.

Chief White, who has promised to issue a statement for several days past was not prepared with that document when interviewed this morning. He stated there was nothing to be said. The chief, however, seems satisfied. It is known that he has been called to account by the police commissioners and it is evident that he gives no one cause for alarm. He has repeated his statement that he expected to hold his present office four years from now, but it is still a matter of common gossip that it is only a question of days before there will be a change.

As forecasted yesterday, last night's session of the grand jury was merely taken up with listening to statements of Captain Van and Captain Crowley to the effect that they have not been given a free hand in conducting the affairs of the upper office. Neither of them was able to place his finger upon the "system" so many times re-

ELOPER IN POLICE NET

NEW TARIFF WILL CUT DEEPLY

Average Reductions Said to Be 27.64 Per Cent Under Payne.

Goes Lower By Over 4 Per Cent Than Underwood's Measure.

What Democrats Claim for Their Change of Laws

Average reduction under Payne-Aldrich measure, 27.64 per cent, and 4.22 per cent reduction under the Underwood bill.

Large increase in imports expected and an increase of revenue that will bring custom house receipts up to \$266,730,000.

Reduction, especially in the matter of iron ore, expected to deal blow to United States Steel Corporation and give small manufacturers chance to compete.

Under changes contemplated the Democrats say that the government will have a surplus over expenses each year of \$2,020,000 and figures show it requires only \$900,000,000 to run the government for one year.

WASHINGTON, July 18.—The report of the majority on the new tariff measures that are to be recommended by the tariff committee was read this morning. The speech by Senator Simmons was not delivered as expected, as the Senator received word of a death in his family the second within a week.

Republicans at a conference agreed that whenever a Republican Senator desired a record vote on an amendment the minority should stand by his request.

An average reduction of 27.64 per cent under the rates of the existing Payne-Aldrich tariff law is proposed by the Democratic Underwood-Simmons tariff bill, upon which the Senate began general debate today, according to the report of the finance committee majority submitted by the chairman, Senator F. M. Simmons.

The report also shows that the bill as reported to the Senate provides rates 4.22 per cent lower than the Underwood bill as it passed the House, and that from it, together with other government receipts for the fiscal year ending June 30, 1914, there will be an estimated surplus in the government treasury of \$2,020,000.

A salient feature of this bill, it is pointed out, is the large increase of imports to be admitted free of duty. Under the bill the value of free-listed imports, on the basis of 1912 importations, was \$108,000,000, whereas the Democrats of the Senate, in caucus, or sweeping changes, propose to free list imports valued at \$147,367,000, an increase in undutiable imports of \$39,367,000.

SOME LARGE FIGURES.—Upon the basis of 10 months for the coming fiscal year the report estimates that the receipts from customs alone under the new bill will be \$266,730,000.

GAY DOCTOR ARRESTED AT PIER

Hartman, San Jose Dentist, Back With Woman In Case.

Supposed to Be Nurse Who Infatuated the Society Man.

SAN FRANCISCO, July 18.—Dr. P. C. Hartmann, prominent young dentist and society man of San Jose, whose "business" trip to Sacramento on June 28 was in truth an elopement with an alleged affinity and a stolen honeymoon trip to the Hawaiian islands was arrested here shortly after 6 o'clock this morning on the arrival of the steamer Sonoma. Dr. Hartmann occupied stateroom 22 on the vessel, while in No. 23, adjoining, was a woman registered as Mrs. Hartmann, without the double "n." The woman is said to be Mrs. Madder, a pretty nurse, whose coming to the Garden City two months ago caused an upset in the Hartmann household.

CREATES SENSATION.—The story of the reported elopement of Dr. Hartmann created a profound sensation throughout Santa Clara county, where the dentist is well and favorably known. He comes of a pioneer family, is a member of several clubs and has a beautiful wife, who is one of the smart set's favored matrons. The Hartmanns have one child, Spencer, aged 6.

Dr. Hartmann and his wife reside in a beautiful bungalow on the outskirts of San Jose and it is claimed that never was there a more devoted couple until Mrs. Madder arrived. She endeavored, according to P. T. Smith, a friend of the family, who met the vessel this morning, to supplant a nurse employed by Dr. Hartmann for five years.

Mrs. Hartmann was ignorant of the doctor's infatuation and was much surprised on one occasion when Dr. Hartmann telephoned that he could not be home to find him dining with Mrs. Madder.

When he left for a vacation trip to Sacramento on the advice of his friends that the trip would restore him from a season of ill health, no suspicion was aroused until he had been away three weeks. Then his own father swore out a warrant for his arrest.

PLEDGE TO DESTROY UNSOLD CITY BONDS

Assurance was given in a pledge, signed by all the members of the city council, that if the bonds are voted Tuesday, the city council will cancel and destroy the 4 1/2 per cent bonds now unsold in the city treasurer's office. The state law does not provide for the issuance and cancellation of bonds in an election, and this matter of cancelling the old bonds is left to the commissioners.

It has repeatedly been stated by Mayor Mott and Commissioner Anderson that the old bonds will be destroyed.

was placed in the form of a pledge as follows this morning:

The undersigned members of the council of the city of Oakland hereby pledge themselves, in the event of the granting of a new bond issue, to cancel and destroy all of the unsold 4 1/2 per cent bonds of the issue of 1909 and 1911 now held by the city of Oakland.

TOWNSEND SCORES BRYAN'S LECTURES

WASHINGTON, July 18.—"Aside from the technical and legal question of the right of a public servant to sell his services twice, the public announcement by Mr. Bryan that a man of his well-advised democratic tastes cannot live on an income of \$12,000 a year presents a moral question."

"American people," declared Senator Townsend, Republican of Michigan, in a speech in the Senate today.

"The question is simply this, whether under the circumstances, it is the duty of the citizen and the public servant to modify his style of living to bring it within his legitimate income, or whether it is his privilege to re-sell his services in order to cover the cost of the style of living he has adopted."

"For my part, I feel impelled to voice a protest. I am no respecter of

rank of a department should be permitted to make private gain by the sale of his services."

COOL BREEZES TO BLOW FOR AWHILE

SAN FRANCISCO, July 18.—The ideal summer weather which the bay cities have been enjoying and the cooling breezes coming in from the ocean in this region are to continue during the next 24 hours, and the climatic conditions in this section are at a direct contrast to the rather warm weather in the central and lower Mississippi valleys. For the 24 hours warmer weather is expected in San Francisco.

WESTERN PACIFIC ELECTS NEW HEAD

SAN FRANCISCO, July 18.—Oakland may expect great things as the result of the reorganization of the Western Pacific railway, which has its terminal on the east bay shore and which is now amalgamated with the Missouri Pacific and the Denver and Rio Grande railway. This morning, in the lobby of the Fairmont hotel, President Benjamin F. Bush of the two last named roads, who within the hour was to be elected to the post of president of the new system, told of what he proposed to do in connection with improvements all along the line.

"I am just assuming charge of this railroad," declared Bush, and I haven't had any opportunity to look over the ground. I appreciate the fact that Oakland and Alameda county are expecting great things from the Western Pacific, and I don't think they will be disappointed. Things will be undoubtedly improved. I will

do ground work with my associates and we may have something to report in a few days."

SAD STORY OF ABUSED WOMAN

Mrs. De Valle Tells Tale of Her Years of Suffering.

Souza Absolved of Any Complicity in the Shooting.

CREeping from under a haystack where she had been forced to seek shelter by an infuriated husband, Mary De Valle returned to her home in the dead of night, found Manuel Enos De Valle lying in bed stupefied after a debauch, fired a single shot which she believed would free her from the unhappy ties of fifteen years and then crept back to the haystack alone to weep the remainder of the night away.

This, in substance, is the story of a murder committed last Tuesday night on the De Valle ranch near Irvington, as told by the slave to the county authorities last night. Trembling and trembling, the self-made widow and mother of three children confessed to District Attorney Humes that she had fired the fatal shot. She had previously told Deputy Sheriff Sam Vandervoort, whom she had known for years, that she had committed the crime and that he would find the revolver secreted beneath the house, while she had thrown it after dashing into the night across the road to the haystack. The weapon, of .22 caliber, was secured by Deputy Vandervoort early this morning. It was found in a small velvet handbag, together with a number of cartridges. In the cylinder was one empty shell. The bullet, distorted in shape, is in possession of Deputy Sheriff Bert Brown, who with Deputy George Wales arrested Mrs. De Valle and Joseph Souza yesterday afternoon and brought them to the county jail.

"When can I go back to my children?" asked Mrs. De Valle of Mayor White this morning. She appeared to be under the impression that a confession of her deed was all that would be necessary, apparently thinking of nothing of more serious consequence.

In quiet demeanor yet deflected in spirit, the woman on Monday reiterated her confession today. She posed for a photograph with the camera streaming down her cheeks. There was no affectation nor play for sympathy. Her grief and her amazement were equally sincere. She moved about with an effort, for the reason that her body, according to Maroon White, is a mass of bruises, black and blue, her limbs stiffened from exposure and her heart breaking over her predicament.

When asked what I have suffered during all these years," said Mrs. De Valle. "My husband has abused me, cursed me and beaten me. I could stand it no longer and I fled into a divorce. Some time ago I met Souza, who was working on a nearby ranch. He offered me protection and I went with him to San Jose, where we lived for a short time. He did not want me to go back to my husband and said that he would kill me and himself if I did so. But I did go back and not soon to give me his revolver. I hid it under the house."

"Last Sunday Souza came to Irvington and demanded his revolver. I was alone in the house. He threatened to kill me if I did not give it to him. I went to my room and found it under the bed. I took it and went to the haystack. I hid it there and waited for my husband. He came and I shot him. I hid in the haystack and waited for the police to find me."

While the children went with the day morning I went home and reason with him, but he had thinking and only abused me. I know what to do and Tuesday I went back to the haystack

thing her home from across the road, the outcast wife heard sounds of revelry and ribald from the drinking fest in her husband took part with

The lights had been turned leaving her departure she entered the house to sleep. She the road in the moonlight and

My husband lay on the bed in unknown stupor, where I could him by the dim light of the moon. I was in a frenzy; my was so confused that I guess

I remembered the revolver which I had placed in the house and suddenly the came over me to end it all.

I placed the revolver in my hand, stepped back and Then I realized what I had and went into the next room.

I got my revolver out of a and placed it beside him, thinking that his death would look suicide. After that I went to the haystack and cried.

On the next morning Mrs. De let Frank Smith and his wife. She asked them to go into and find out the condition husband. They discovered the

the confession of Mrs. De Valle. Souza is vindicated in particular in the crime. He is, however, arrested on a charge of battery by the man now dead last

He was taken from the jail this morning to Centerville assigned on the charge. But signed by Mrs. De Valle, the complaining witness, and it is that the proceedings will

missed. Souza is employed on at Mountain View, where taken into custody yesterday. His employers gave him a

one hour, as it was known that would have away from the place Sunday.

She made her confession, Mrs. Hynes, Deputy W. B. Smith, Sheriff Bert Brown, Walter and Sam Vandervoort. husband abused me for 15 she said. "I am not glad I am not sorry; only miser."

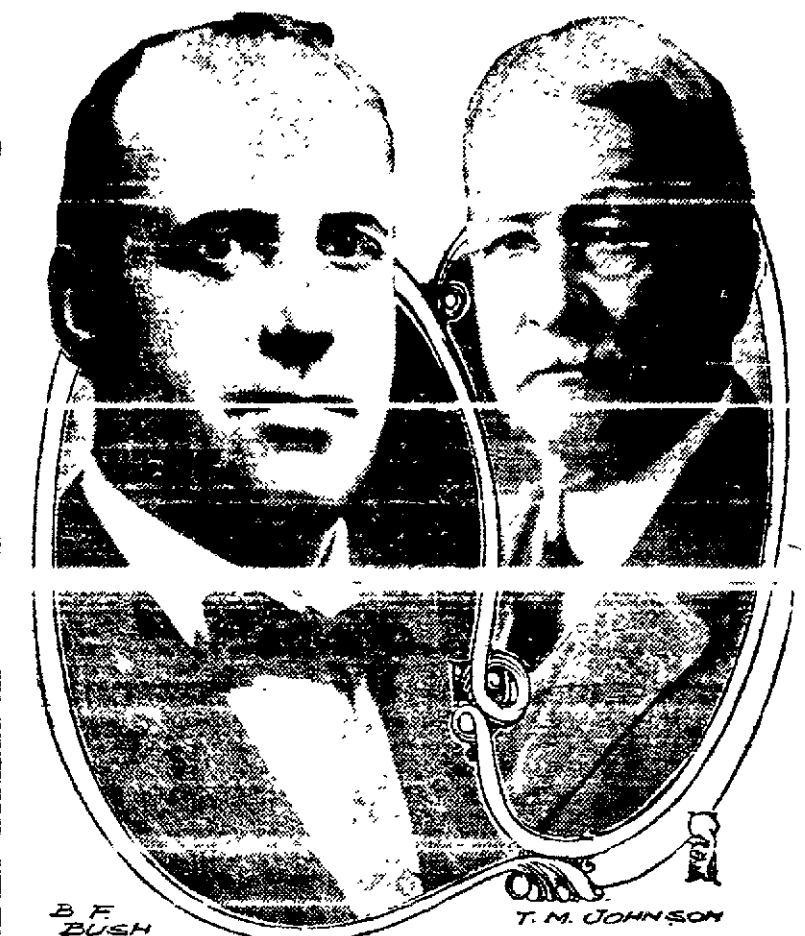

De Valle was married Sep-23, 1897, and have three children. Mrs. De Valle was out for divorce on June 11 last, but cruelty and intemperance, husband owned property known as the Ranch at Moore's Land, the lower end of the county, also owns a 40-acre ranch near on.

De Valle will be held for a jury examination at Irvington next week following the request next Thursday.

The one man who had shown as to her might not be shown in the murder is looked upon officers as the reason for Mrs. De Valle's confession.

De Valle will be permitted to the funeral of her husband at on tomorrow morning. She taken from the county jail at of Matron White and a deputy

HEAD REORGANIZED W. P. PROMISE IMPROVEMENTS

B. F. BUSH THE NEW EXECUTIVE HEAD OF THE WESTERN PACIFIC AND HIS ASSOCIATE, WHO WILL TAKE CHARGE OF THE COMPANY'S TRAFFIC DEPARTMENT.

(Continued From Page 1)

stay here between two and three weeks and before I go we may have something to tell about prospective changes and improvements."

Bush was asked particularly regarding the possibility of feeder lines and it is believed that one of the first of these to be constructed will be from San Jose and will form a junction with the main line in Alameda county. It is likely that an improved suburban service will result from the operation of the new ferry-boat about to be launched by the Western Pacific. The management of the road believes that there is an opportunity which has been too long neglected to rival the Harriman system in handling trans- bay traffic and this matter will receive careful consideration at the meeting of Bush.

MONEY TIGHTNESS.

"Our whole trouble in making improvements may be the tightness of the money market," said the president. "However, the joining together

of the Missouri Pacific and the Denver and Rio Grande should, in a measure, aid the Western Pacific in the matter of funds."

Later in the morning at a meeting of the board of directors, Bush was regularly elected president of the Western Pacific. At the same time E. L. Brown, vice-president of the Denver and Rio Grande, was elected vice-president of the Western Pacific and placed in charge of construction. J. M. Johnson, vice-president of the Missouri Pacific, was elected director of traffic. Both Brown and Johnson accompanied Bush on his trip here.

The new president of the Western Pacific is a man of broad ideas who has accomplished much for the Missouri Pacific and the Denver and Rio Grande. One of the new improvements which will be installed will be a fast service connection, in October, when the cutoff near Soldier's Summit, on the Denver and Rio Grande, will be placed in operation. This cutoff is 14 miles long, but it cuts the grade from 4 per cent to 2 per cent.

FLIES CAUSE OF TYPHOID CASES

Sacramento Health Officer Explains Why Nine Persons Were Taken Ill.

SACRAMENTO, July 12.—Health Officer Lind-say has reported that after investigation he is convinced the deadly house-fly was directly responsible for nine cases of typhoid fever, which originated in a boarding-house recently. All the patients, however, were taken ill about the same time. "I have investigated all their angles and can find no other cause than flies, which, I presume, went from the food to the table, depositing the germs on the food," said Dr. Landsay.

SAYS POLICE CAN STOP GAMBLING

Foreman Gormley Declares Grand Jury Is Ready to Act.

(Continued From Page 1)

erred to in the police-bunco-gambling scandal.

Foreman Gormley further said today he felt convinced that the police of San Francisco could at any time effectively stop all gambling if they

TO MEET THURSDAY.

The next meeting of the grand jury in connection with the investigation into police affairs is scheduled for Thursday night, but further evidence of police inefficiency may be presented by District Attorney Fickert on Monday evening, when a special meeting of the grand jury will be called to hear the story of Carlo Depoli, who claims that two of the best known patrolmen connected with the Central police station took protection money from him in return for allowing him to run a "blind pig" at Kearny and Union streets.

Foreman Gormley declared that he would call a meeting of the grand jury at a moment's notice at any time that the district attorney wished to present evidence tending to show inefficiency or corruption in the police department.

"While we are satisfied that mismanagement and inefficiency exists," said Gormley, "there has not yet been sufficient evidence presented to us to warrant our taking any action."

"They talk of outside political influences and we want to know what these political influences are which are interfering with and influencing the administration of the affairs of the department."

NAMES ARE WITHHELD.

No names of any politicians or others who are supposed to be at the bottom of the "system" have as yet been given.

"We cannot act without corroborative testimony showing where the responsibility for police irregularities and corrupt practices lies."

"I feel satisfied that the police of San Francisco could stop gambling along the lines which Captain of Detectives Mooney is now following, at any time."

Just as soon as we are shown definitely of what these "outside political influences" consist, the grand jury will act.

The latest story of police corruption is that of Carlo Depoli, who was given a sentence in the county jail recently in default of a \$100 fine for operating a blind pig at Kearny and Union streets. While in jail Depoli charged not only that two patrolmen had taken protection money from him, but that they had afterward

money him over and over again, leaving him when he wanted them to give him a clean bill of health in the Police Court. Depoli refused to divulge the names of the two patrolmen, but will make them public before the grand jury.

SAYS BRYAN IS SELLING SERVICES

Michigan Senator Rebukes the Commoner for Taking Lecture Money.

(Continued From Page 1)

methods that are forbidden to his subordinates.

"At a time when most unusual foreign complications confront us, when the Japanese question is before us, when our relations with the disturbed republics to the south of us are most grave and fraught with mighty responsibilities, indeed, at this time above all others the statement of Mr. Bryan that he proposed to desert his office for the purpose of personal financial gain comes as a shock to all thoughtful people. If he had resigned as secretary, giving as his reason that he could not live on his salary and

interference that he owed a higher duty to his desire for wealth than he did to public service, there would have been less reason for public complaint, but to hold his office and draw the full salary for only a part of the time he rendered service, is in my judgment, improper and inexcusable."

BRISTOW TURNED DOWN.

The Senate Democrats succeeded today without debate in tabling Senator

Bryan's proposed salary increase. The resolution would have given him \$12,000 a year, but the Senate was not willing to advise the Senate what salary would be sufficient to keep Mr. Bryan continuously at his post and was promptly rejected by a vote of 41 to 29.

The debate developed a sharp exchange between Bristow and Senator Ashurst when the latter read a letter intended to show that Bristow years ago had expressed a wish to be an

Indianian canal commissioner with the suggestion that he "need not spend much time on the job."

"Since I have been a member of the Senate," shouted Bristow, shaking a finger at Ashurst, "I have not spent \$100 of the funds of the United States to carry telegrams to my constituents, as has the Senator from Arizona, many of which have been paid for by himself."

Senator Ashurst denied the charge absolutely and "dared" Bristow to produce proofs. The whole allegation, he replied, was "baseless and without foundation."

Senator Bryan's salary was announced, Senator Bryan declared the Democratic senators in power. "You cannot convince the American people that a Senator of State may neglect the duties of his office for three months of a year."

Vice-President Marshall ruled Senator Bristow out of order.

"It would be just as reasonable for the Senator to say that he would not leave off a year to practice law, would Senator Bristow, who refused to be sent out. 'I think these are matters that should demand the attention of Congress and the administration in power.'"

"Are you really apprehensive of Senator Bryan's salary?" asked Senator Ashurst, a Democrat, "that the business of the State Department will suffer because Bryan is occasionally away?"

"It has been said since this discussion began," said Senator Bristow, "that the State Department is better off with Senator Bryan than without him. I believe if the Secretary would give to the problems before him the power of his great intellect he would perform a great service to the country. Whether subordinates in his department are better fitted to attend to the duties than he, I do not know."

Senator Fall suggested that if Secretary Bryan had remained at his post, the Senate would have had an answer to his resolution of April 24 asking for the amount of damages to victims of Mexican troubles.

BRYAN EXPLAINS.

MOUNTAIN LAKE PARK, Md., July 12.—If an annual salary of \$12,000 for the secretary of state is not sufficient to maintain him and his family in a manner befitting the dignity of the high office, would you advocate an increase in that salary?"

This question was asked W. J. Bryan, secretary of state, yesterday afternoon after he had delivered a Chautauqua lecture for which he received \$250.

"No," he said, "I would not advocate the increase as suggested," replied Bryan. "For the salary is sufficient to meet the expenses of the secretary of state when those expenses are confined to his home and official life. This, however, is not the case with me. The fact ought not to be overlooked and it ought not to be necessary for me to mention that in my life are certain fixed charges which must be met. These charges, with my living expenses and expenses incidental to my position, exceed my salary."

SAVED BY PORTER IN HOTEL FIRE.

One Hundred Guests Owe Life to Employee's Sense of Duty.

KENNET, Cal., July 12.—One hundred guests of the Commercial Hotel here were saved from death early today by the devotion to duty of Giuseppe Penari, a porter.

Fire broke out in the hotel pentary at 4 o'clock this morning and spread like a flash through the frame building. A barking dog woke the porter, who ran through the long corridors hammering on the doors.

He was badly burned before he finished his duty, saving nothing of their personal effects.

A southerly wind carried the flames up the mountain side on which the hotel stood, saving the business section. The loss is estimated at \$50,000.

CLAIM TARIFF IS REVENUE GETTER

Committee Report Says There Will Be Surplus In U. S. Treasury.

(Continued From Page 1)

000; from income tax for 10 months, \$58,330,000; corporation tax, \$27,000,000; internal revenue, including tax on cotton futures of \$5,000,000, \$207,000,000, and that the revenue from all other sources will bring the total for the fiscal year to \$908,510,000. With disbursements estimated for the committee by treasury experts at \$894,750,000, a balance is shown in favor of the government of \$2,020,000.

In analyzing its changes in the House administrative features of the

amendments of the house entirely too drastic," particularly those authorizing examination of books of foreign manufacturers, a 5 per cent tariff discount on imports in American ships and other like features which were stricken out. Particular attention is called to the Senate provision "designated to furnish the President with power to impose tariff duties of a retaliatory character upon all articles comprised in a specified list."

NO RELIEF UNDER LAW.

For some years, says the report in referring to this retaliatory provision, "there has been a development of maximum and minimum tariffs abroad and in not a few instances the government of the United States has been compelled to see its citizens subjected to harsh and discriminating tariff treatment abroad without being able under the law to afford relief."

"The provision now recommended, it is believed, will place in the hands of the President powers which, though extensive in their sphere, are sufficiently circumscribed to permit of their being exerted within the limits assigned them without disturbing the general fiscal system of the United States. Wise use of the retaliatory power, it is reasonable to expect, will bring about equitable arrangements with those countries which do not now afford us fair treatment, and it is probable that the weapon thus provided will be so available and effective as to render its actual use unnecessary under ordinary conditions."

"COTTON 'FUTURES' TAXED.

Of another important feature added by the Senate committee, a tax of 1 cent a pound on cotton sold through stock exchanges for future delivery, the report says:

"The committee believes the imposition of a proper tax, not only because of its indirect influence in eliminating a parasite which has afflicted the business of dealing in purchases of cotton for future delivery, but because it will result in the collection of a considerable sum of revenue from a business that is not susceptible of just taxation in any other way."

"If the effect of the proposed tax is to eliminate all of the speculative or gambling class of business and to leave intact that part of the dealings resorted to for hedging purposes, the revenue derived from this tax should amount to about seven million dollars a year and if its imposition does not have the effect of eliminating the gambling or speculative end of the business the revenue derived therefrom will be enormously in excess of this amount."

ON INCOME TAX.

Reduction of the basic exemption from income taxes from \$4000, as in the house bill, to \$3000 for unmarried persons and the rearrangement of the report comments upon as follows:

"Your committee reduces the amount of exemption of net income of married persons and of single persons to \$3000, and of single persons to \$1000 to either the husband or wife when they are living together, but not to both."

In the case of a minor child, or children living with and dependent upon the parent, such parent is allowed an additional exemption of \$500 for one minor child and up to \$1000 on account of minor children, except where both parents are taxable, in which case no exemption is allowable on account of the children.

By the amendment the lowest possible exemption to any one person would be \$3000, and any possible exemption to any one person would be \$5000. While the amendment may make no wide difference in the volume of revenue derivable from the tax, it is deemed equitable as recognizing the added obligations on account of marriage and children and salutary as emphasizing the family as the unit in our social structure."

LOWEST EXEMPTION.

By the amendment the lowest possible exemption to any one person would be \$3000, and any possible exemption to any one person would be \$5000. While the amendment may make no wide difference in the volume of revenue derivable from the tax, it is deemed equitable as recognizing the added obligations on account of marriage and children and salutary as emphasizing the family as the unit in our social structure."

in their competition with this monopoly.

"For similar reasons the committee on finance thought all ferro-manganese should also be placed upon the free list. The United States Steel Corporation largely controls the domestic ore out of which ferro-manganese, which is a necessary material in the manufacture of steel, is produced. This corporation is the only producer of ferro-manganese in this country, but produces it only for its own use and consumption. It was thought under these conditions just that the independent competitors of this monopoly should be permitted to import this high-priced alloy free of duty and that with iron and ferro-manganese on the free list, domestic competition would be strengthened and the price of the finished products of iron and steel eventually would be lowered."

TARIFF FOR REVENUE.

Concerning the general revision, the Senate committee says that following the lead of the House, it "has sought in the amendments proposed to the House bill further to carry out and perfect the theory of establishing a revenue-producing tariff upon the basis of competitive rates as a just and fair interpretation in the light of existing conditions of the latest authoritative utterances of the party in power upon that subject, and now submits the results of its labor with the confident belief that the enactment into law of the House bill as amended will result in a more equitable distribution of the burdens and incidental benefit of our system of taxation; that it will tend to disintegrate the monopolies built up under the present system, that it will enlarge opportunity, individual effort, reduce the cost of living and release the people from the burdens of the protective system strikingly exemplified by the so-called Payne-Aldrich bill, which this measure is intended to supersede."

The income tax section was attacked by Senator Root on the ground that it was an unwarranted encroachment on incomes received between March 1, 1913, and the date the bill becomes a law. He offered an amendment to make the tax apply only after the new tariff becomes effective. A resolution for postponing consideration of the tariff act until December 1, 1913, was introduced by Senator Callinger. Senator Sutherland introduced an amendment to require things placed in bonded warehouses to pay the rates of duty in force at the date of importation. He stated that he was informed that goods valued at \$100,000 had been placed in the warehouses waiting for lower duties of the new bill to become effective by which he estimated the government would lose \$25,000,000 in revenue.

POLICE STARS ARE BEING CHANGED

San Francisco Bluecoats Insignia of Authority to Be Different.

SAN FRANCISCO, July 18.—The badge of authority of the San Francisco police is to be changed. The new insignia of office is to be of a distinctive character, but the department is not altogether overjoyed.

"They are making us change our stars so that we can't ride free on the stars of the higher officers put it."

Heretofore the stars of the patrolmen and sergeants here and in Oakland have been exactly alike. By a decision of the board of police commissioners made known today the name San Francisco will have to appear on the badge of authority.

The stars should be changed, but a modified order has been given out to the effect that only new badges need conform to the improved regulation.

In addition to the San Francisco requirements the badge of the captains, which have been five-pointed yellow metal stars, have been changed to seven-pointed yellow metal stars with a number thereon. Heretofore the captains have had no numbers. The lieutenants whose stars have been similar to sergeants and corporals, are to have identical badges with those of the captains save for the word lieutenant.

The numbers assigned to the captains have also brought forth some criticism. Captain Shea, who, when a lieutenant, wore star No. 3 for years, has been given No. 963. Captain Wall gets 994, Anderson 21, Colby 32, Duke 37, Gleason 190, Kelly 226, McManis 345, Mooney 374, O'Day 540.

Nothing has been said about a number for Chief White, but a wag down at police headquarters, who would be up on the carpet if his name were mentioned, said he thought the chief needn't worry because he would soon be a "back number."

MAYOR MOTT SAYS "VOTE FOR BONDS"

City's Executive Urges the Teachers to Help Gain Victory for City.

In an eloquent appeal to the educators of Oakland to support the bonds in the election Tuesday, Mayor Frank R. Mott addressed an audience of school teachers and their friends in the assembly room of the Board of Education late yesterday afternoon.

"We must not only complete our city hall, build our auditorium to care for the convention hosts during fair year," said the mayor, "but we must also see to it that our school children have the right kind of schools to study in."

"In order to get the World's Congress of Educators here in 1915, Mayor Mott called attention to the fact that the California delegates to the N. E. A. Convention at Salt Lake City this year pledged Oakland a \$50,000 bond for the construction of which bonds had already been voted.

"We must not only complete our city hall, build our auditorium to care for the convention hosts during fair year," said the mayor, "but we must also see to it that our school children have the right kind of schools to study in."

"The support of the bonds Tuesday will do all this, otherwise our great works will be blocked. It was understood in the beginning that the \$1,000,000 voted

would not be sufficient to cover the furnishings and other improvements. The building is an attractive landmark, built of California granite and the best of materials. The returns is to be compared with that of the Congressional Library at Washington and the capitol.

"If the bonds are favored by the voters we will have gained an opportunity to show it off exposition year and add prestige to our city. The loss of the election Tuesday would mean an increase of the burden on the people, as a tax would have to be levied to provide the funds, if carried, it meant added prestige."

Superintendent of Schools Barker closed the meeting with a pledge on the part of those present to support the bonds Tuesday.

ARCTIC SHIP IS REFLOATED

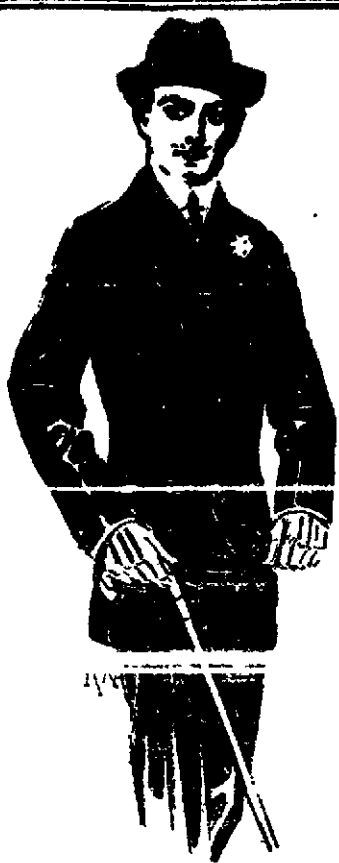

Donald B. McMillan, Which Stranded on Barge Point, Is Saved.

ST. JOHNS, N. F., July 18.—The Donald B. McMillan Arctic exploring ship Dana, which stranded on Barge Point, on the southern coast of Labrador, Wednesday night, was refloated last evening.

Job Brothers, the owners here, received this information today from the telegraph operator at Red Bay, in the straits of Belle Isle.

A message to the owners yesterday from Professor McMillan, who is at the head of the expedition to Crocker Land, said that the ship was fast around and expressed the fear that she would be a total loss.

The Newfoundland revenue cruiser Stella Mairs started for Barge Point to offer assistance early yesterday, but can hardly reach the scene before tomorrow.

MILL TROUBLES THOUGHT ENDED

Break in Ranks of Strikers Believed Sign of Coming Peace.

PATERSON, N. J., July 18.—The break in the ranks of the mill strikers reported yesterday, after announcement that "Big Bill" Harwood was physically unable to continue the leadership, is construed by the millowners as meaning the end of their five-months' trouble with their factory hands. It is estimated that \$2,000,000 in wages has been lost, while the manufacturers are about \$1,000,000 out of pocket.

The strike began February 25, when 17,000 hands were called out. The first break in the strikers' ranks occurred three weeks ago, when the ribbon and broad-silk branches succeeded in operating to full capacity. The dyers, however, held firm until yesterday, when some of them returned, and it was predicted the entire body of 8000 would be back at the rate this week.

Manufacturers say that the season now lost was the most promising in orders of any spring and summer since 1907.

Elizabeth Gurley Finn, the young woman leader, who is at her father's home in New York, has denied that she has deserted the strikers. Her absence from Paterson since Tuesday she excused by saying a sore throat kept her from her work.

RUBOTTOM CAUGHT BY MARYSVILLE POLICE

SANTA CRUZ, July 18.—Howard Rubottom, sought since July 7, on a charge of assaulting a little girl at Mount Hamilton, is in custody at Marysville, according to information received tonight by Sheriff Howard Trafton from Chief of Police McCoy. Rubottom ran a saloon at Felton. He has a wife and child.

BOILER WORKERS CALL OIL WORKERS STRIKE

TULSA, Cal., July 18.—Work throughout the Mid-Continent oil field in Kansas and Oklahoma was stopped last night when 200 oil workers went on a strike. The strike was called by the International Boiler Workers' Union on complaint of the men that a superintendent of one of the oil companies was unfair to the union.

BANQUET FUND GROWS STEADILY

Automobile Men Taking Keen Interest in Plans for Daniels' Reception.

The general committee of the entertainment and banquet to be tendered to Secretary of Navy Josephus Daniels and the Indiana Automobile Manufacturers' Association tourists, July 25, met yesterday afternoon in the Chamber of Commerce, and began the completion of their elaborate plans. It was announced that \$200 had been obtained from the Oakland Clearing House, and that the remainder of the funds were already provided, or about to be pledged. The automobile supply dealers in Oakland, it is expected, will contribute largely to the fund and be present at the banquet in large numbers.

Another committee composed of Joseph B. Caine of the Commercial Club, O. E. Hotie and A. A. Denison of the Chamber of Commerce was appointed to take charge of the details of receiving the automobileists and attend to the parking of the machines. E. Hotie was appointed chairman of the banquet committee, vice Victor H. Metcalf, who pleaded lack of time to attend his duties properly. Plans for meeting the Secretary of the Navy were also discussed, but nothing definite resulted. The Royal Oaks may attend the cabinet officers on his arrival and escort him to his headquarters at the Hotel Oakland. They will be garbed in white.

A visitor to the meeting was John P. Irish Jr., secretary of the Stockton Chamber of Commerce, who wished to co-operate with Oakland in regard to the reception and meeting of the tourists. The executive committee meets tomorrow morning to further the final plans.

ELLIOTT MAY BE ON MELLER'S JOB

Northern Pacific Man Among Those Mentioned to Succeed Railroad Head.

NEW YORK, July 18.—Directors of the New York, New Haven and Hartford railroad met here again today to act on the resignation of President Charles S. Mellen, tendered late yesterday. Although it is understood that some of the directors urged Mellen to reconsider his decision, according to present plans he will retire as the head of the New Haven and allied lines not later than October 1 next.

Whether a successor to Mellen will be agreed upon at the meeting scheduled for today was not announced. Among those mentioned in this connection is Howard Elliott, head of the Northern Pacific.

Mellen, whose recent management of the New Haven road has given rise to considerable criticism, became president of the system in October, 1907, succeeding from the presidency of the Northern Pacific at the request of the late J. P. Morgan, who regarded Mr. Mellen as the man best fitted to reorganize the transportation lines of the New England states.

Mr. Mellen's advent was the signal for a vast scheme of consolidation embracing not only the Boston and Maine and Maine Central railroads, but all the leading steamship lines between New York and Boston and intermediate points as well as numerous trolley lines in Connecticut, Massachusetts and New Hampshire. The capitalization of the New Haven system increased enormously under the continuous outlays necessitated by the acquisitions.

PERCENTAGE POKER GAME IS RAIDED

A friendly little game of percentage poker was interrupted last night when the police raided a place at 1410 Thirteenth avenue and arrested six men, one of these being the gamekeeper, Joseph Heyman. The arrests were made by Patrolmen G. W. Pratt and O'Donnell. Heyman, who is a peddler, was released on \$50 bail, while his five companions were given their liberty on \$25 bail each.

POLICE SET DRAGNET FOR ACCUSED SLAYER

SAN FRANCISCO, July 18.—The failure of the police to capture John Hrisikos, alias John Krift, who, on July 15, is accused of murdering D. Polipopolis, has resulted in a careful description of the much-wanted man being sent out from the detective department today. Hrisikos is between 40 and 45 years old, 5 feet 9, 150 pounds, dark complexion, dark hair, large nose, black moustache, and rather inflamed eyes.

Up to two months ago he kept a saloon at 234 Fourth street. Anzured at Polipopolis' death's attention to his niece, Hrisikos shot and killed him when he appeared to pay court to his sweetheart.

SUSPEND WORK ON THREE HIGHWAYS

SAN FRANCISCO, July 18.—Richard Keating & Sons, builders of the new city hall, have suspended operations upon three contracts with the California highway commission for road work in Sonoma and San Mateo counties.

The Keating company also had a contract with the harbor commission for building pier 29. Work on this latter contract ceased several days ago.

One of the contracts was for 14 miles of State Highway from Healdsburg to Santa Rosa. The others were for 17 miles of roadway from San Jose to Morgan Hill.

"DIVINE SARAH" SEEN ON FILM OF "MOVIES"

"The Romance of the Actress" is the title of a four-act photo-play, featuring Madame Sarah Bernhardt in the role of Adrienne Lecouvreur, the star, billed at the Camera Theater for today and tomorrow only. The production is staged exactly as on the legitimate stage. This is possibly the last appearance of the "Divine Sarah" in motion pictures, preparatory to her retirement from public life.

AN CHARGED WITH MURDER OF J. ACQUES

AGO, July 11.—Mrs. Elizabeth was formally charged yesterday with the murder of James Acques, a West Side restaurant owner, body pierced with four bullets, was slain here three days ago. Her body was found at 5:00 p.m. at 1500 Broadway. The body was found in a rooming house and the corpse then into the lot.

Builders' Exchange TO FURTHER BOND VOTE

Active participation in the campaign in behalf of city bonds was decided upon by the board of directors of the Builders' Exchange. Secretary A. F. Bradburn and others will address bond meetings beginning tomorrow, and a delegation of members will attend all meetings. The exchange will be closed on election day and members will work in the interest of the bonds.

Your Summer Bungalow

Spare rooms, den or garage can be artistically finished off on the interior by using THE TRIBUNE paper materials. Look like Lincolnton—cheap and durable. Many are being used. Let us explain their use. Call at TRIBUNE business office, Eighth and Franklin streets.

If You Knew As Much About My Player As I Did You'd Buy It—

If you knew positively that the metal tubes in the Autopiano player-piano were non-rusting, non-rotting and permanent.

If you knew positively that the motor means continuous and uniform power, guaranteeing smooth running at all times.

If you knew positively that the automatic tracking device insures perfect tracking of all rolls at all times.

If you knew positively that all semblance of mechanical reproduction had been eliminated, and that you could play your favorite selections with as much feeling and expression as a master WITHOUT following a lot of absurd, impossible, impracticable, expression levers that so monopolize your attention that you cannot enjoy the music.

If you knew positively that our exchange library included every piece of music known to the world, and that it was the only one of its kind obtainable on the coast.

If you knew positively that you would get the best player-piano obtainable at a price far below the one asked for inferior players elsewhere.

If you knew positively that for \$457 you would get a better player-piano than you could buy elsewhere for \$700.

If you knew positively that payments of \$2 per week would pay for it and you wouldn't have to pay anything down if not convenient.

If you knew positively that we had the style—finish and case design with stool and bench to match without extra cost.

If you knew these things and knew these inducements wouldn't be open long, wouldn't you go down to Eilers tonight, or tomorrow and get one of these players?

These things are all true and you can KNOW them by investigating.

Think of quality—think of price—then of both—then of Eilers—Eilers Music House—1448 San Pablo building, in the heart of Oakland.

FEDERAL SLATE WILL GO THROUGH

Belief in Washington That Phelan-Caminetti Plans Will Carry.

WASHINGTON, July 11.—While it is generally accepted here that the Phelan-Caminetti slate for Federal office in California will go through, other applicants not on that slate have not given up hope, and are still working for the jobs.

Following is a complete list of all the applicants for the various California Federal places.

Collector of the Port—J. O. Davis, R. H. De Witt, T. A. Robertson and J. A. Alexander, all of San Francisco.

Collector of Internal Revenue—Northern District of California—W. A. Bennett, San Francisco; T. Y. Scott, San Francisco, Modesto.

Sub-Treasurer—Louis Moore, San Francisco.

Superintendent of the Mint—T. W. H. Shanahan, Redding; S. J. Hill, Berkeley; J. W. Kittingworth, Vacaville.

Postmaster—Charles W. Fay, San Francisco.

Surveyor of the Port—Justus N. Wardell, San Francisco; C. L. Larue, Woodland.

Naval Officer—James H. Barry and Sanford Ukiah; T. P. Andrews, Red Bluff; Dr. Albert Fouch, Oakland.

Appraiser of Customs—C. L. McIntosh, Vallejo; J. B. Stevens and H. B. Ryan, San Francisco.

Assayer of the Mint—M. H. Mead, Sierra County; J. W. Pack, Berkeley.

United States Marshal, Northern District of California—R. F. Remmers, Vacaville; Robert McKillop, Oakland; N. M. McGarry, Lodi; Senator Cohen, Sacramento; James Adair, Mariposa; F. W. Grimm, Red Bluff; J. E. Lewis, San Francisco; G. W. Griffith, Woodland; Thomas L. Smith, Yuba City; R. L. Hutchinson, Ukiah; R. M. Russell and Talton Hawes, San Francisco.

United States Attorney, Northern District of California—Thomas E. Hayden, S. V. Costello, Frank H. Gould, J. E. Pemberton, all of San Francisco.

MISS URIDGE ENGAGED SURPRISE TO FRIENDS

Cards have just been received announcing the engagement of Miss Sue Uridge, daughter of Mr. and Mrs. William Gibbons Uridge of Hillside avenue, Piedmont, to William Benjamin Salt, a well-known business man of Sacramento. The announcement was a complete surprise to everyone, as Miss Uridge had just returned from a visit to the capital city, and to all appearances she was heart whole and fancy free before she left for Sacramento. The engagement was unexpected, although the young couple had known each other for more than two years.

The bride-elect is the granddaughter of the late John Funnell. Miss Uridge is a graduate of Miss Ransom's school in Piedmont. She is an accomplished musician, having traveled extensively abroad, and possesses a beautiful mezzo-soprano voice.

She is a sister of Mrs. L. D. Byrne, one of the society matrons of the younger set.

Salt comes from a well-known Eastern family in Pittsburgh, but is now located in Sacramento, where the young couple will make their future home. The date has as yet been set for the wedding, which will probably take place some time in the near future.

MISS SUE URIDGE

TO LAUNCH W. P. BOAT TOMORROW

Largest Ferryboat Ever Built in the Oakland Ship-yards.

Tomorrow will see the launching of the largest ferry boat ever built in Oakland, one of the largest on the bay, when, at the Moore & Scott ship yards, the "Edwin T. Jeffery," the new ferry steamer of the Western Pacific Company, will be given to the waves. The ceremony will take place at 2 o'clock in the afternoon. City officials and business men will witness the ceremony. The great vessel, which boasts every modern steamer feature, will ply between San Francisco and the Western Pacific mole.

The "Edwin T. Jeffery" is a double-ended across ferry boat of the following dimensions: Length over all, 230 feet; beam over all, 42 feet; beam mould-

In her design the feature first considered has been the safety of the passengers and crew, and next, the comfort of the passengers. It was the consideration of these most important features to the traveling public that led to the determination of the type of the vessel.

HULL IS STEEL

The hull of the vessel is constructed of steel throughout and divided into a number of watertight compartments. There are five transverse water-tight bulkheads dividing the hull into six compartments, and in addition to these, in order to lessen the danger from collision, there are on each side longitudinal water-tight bulkheads extending completely through the engine and boiler rooms. Everything has been done in the construction outlined above to promote safety.

In order that the trip across the bay can be made in reasonably fast time, the vessel has been fitted with a large amount of power. The main engines are capable of developing 2000 indicated horsepower and in order to furnish steam for this amount of power she is fitted with four Babcock & Wilcox safety water tube boilers, having a collective heating surface of 10,000 square feet. In the selection of this type of boiler, the matter of safety of the passengers and crew was again the determining factor.

The seating capacity of the boat is large; there being ample seats provided to accommodate 1200 passengers. On the main deck there are provided, in addition to the seating accommodations, gangways for baggage trucks and express wagons, galley, restaurant and the usual dressing-rooms. The interior on main deck is finished throughout in white, the window sash being of mahogany. On the saloon deck the cabin is finished throughout in mahogany, great pairs being taken to serve a pleasing effect. Fore and aft, through the center of the cabin, is raised omnibus roof for the purpose of providing ventilation, the sash in the sides of this roof being fitted with art glass. All seats are of mahogany and the floor of the cabin is covered with linoleum. On the saloon deck is a large and completely equipped restaurant connected by a dumb waiter with the galley on the main deck below. The vessel is lighted throughout by electricity and has an ample number of lights for all requirements.

FIRE PROTECTION.

In addition to the features already mentioned, particular attention has been paid to the fire protection system. There is a large fire pump in the engine room by lines of piping to hose reels situated running constantly, this being connected at convenient points on both decks.

The board of trustees of the Mountain View Cemetery association met last night and elected J. W. Phillips president to succeed the late T. H. Kellogg. Phillips' place on the board was taken by Frank A. Leach, and the position of vice-president will be filled by H. A. Powell, one of the best known members of the association.

CEMETERY TRUSTEES ELECT NEW OFFICERS

Final Clean-Up

A great opportunity for you to be well dressed at an enormous saving. This is final—

WEST VIRGINIA COAL RIOTS UNDER INQUIRY

CHARLESTON W. Va., July 11.—Judge Henry K. Black of the Kanawha county intermediate court and a special grand jury began yesterday an inquiry into the riotous conditions that have prevailed in the Paint and Cabin Creek coal fields for over a year. Thirty-five witnesses were examined yesterday. No indictments or information concerning the inquiry are expected until the inquiry is completed.

Your Summer Bungalow

Spare rooms, den or garage can be artistically finished off on the interior by using THE TRIBUNE paper materials. Look like Lincolnton—cheap and durable. Many are being used. Let us explain their use. Call at TRIBUNE business office, Eighth and Franklin streets.

IMPROVERS FAVOR HOSPITAL BONDS

Civic Association Goes on Record as Advocating Present Location.

The Civic Association of Alameda County, at a special meeting held last night in the assembly hall of the Chamber of Commerce passed the following resolution:

"Our association, representing more than forty improvement clubs and kindred organizations, is not in favor of changing the present location of the Infirmary Hospital of the County of Alameda.

"The Civic Association of Alameda County, realizing the necessity of new buildings to house the indigent and poor and to minister to the needy sick, favors the construction of such buildings as will be needed in the immediate future, provided the funds for the erection of these structures be raised by a bond issue, not to exceed one million dollars (\$1,000,000), bonds to be running for 20 years, to be sold in two parts, to be of small denominations and to carry a rate of interest not to exceed 5 per centum.

"A copy of these resolutions will be furnished to the honorable Board of Supervisors of Alameda county.

"Signed: C. F. Gorman, president; F. L. Shaw, vice-president; G. B. N. Clow, secretary; R. E. Hummel, treasurer; Carl Hummel, chairman of the committee on Infirmary Hospital.

Mayor Mott, John Gelder and Judge Coburn addressed the association on the water district project.

TOURING CONCERNS INCLUDE OAKLAND

Key Route Trips to Be Part of Leading Company's Itinerary.

News has just been received from the Frank Tourist Company of New York, one of the largest and most important corporations of the kind, that hereafter Key Route trolley trips will be included in the itinerary of all tourists traveling under the company's direction, and that Oakland will receive due recognition as a stopping-over place.

In addition to this, several other large tourist concerns are either considering or inquiring about this city as a desirable place to include in their schedule, and already the George E. Masters Company of Boston has about signed its willingness to print the name Oakland on its stop-over privileges.

Tomorrow there will be in Oakland 135 tourists under the direction of the Gillespie-Kimpor Company of New York. They will be taken on the Key Route trolley trip, and impressions gained will be used by the company in their decision as to whether or not Oakland shall become a regular place of interest on the travel line of the tourist company. The party will spend the entire day in this city, at present being at 100 points.

Three days ago 20 tourists under the direction of Thomas Cook & Sons were in Oakland, and spent an entire day in viewing the city and surrounding country. This mark of recognition shown by the acknowledged power of touring concerns is very gratifying to Oakland officials, for, as a rule, the Cook people do not include the smaller cities of the country in their itinerary, since such large companies being including Oakland in their schedule, as it now seems quite probable, the work of publicity and "boosting" will be carried out with many more times the force than mere printed matter could give.

FATHER OF MRS. WYNN MEREDITH IS DEAD

ALAMEDA, July 11.—Mrs. Wynn Meredith, wife of President Wynn Meredith of the municipal board of electricity, here she was called by the illness and death of her father, Mr. Wynn Meredith, who died at the age of 81 years. He had lived in California for 12 years, coming here from New York.

BOND INTEREST MORE FAVORABLE

Figures Compiled Showing Re-issue Basis Better Than Existing Provision.

Figures showing the importance to the tax payers to vote favorably on the municipal bonds at the election next Tuesday have been compiled by Assistant City Attorney Charles Beardsley. Under the provisions of the bond issues already endorsed by the voters and to be again voted upon for reissuance they were to be paid for during a period of forty years. The present issues are to be paid for during a period of thirty years. The figures show the saving which will be effected by the city under the new plan even at a rate of interest that is 4 1/2 per cent instead of 4 3/4 per cent. It is not expected, however, that the city will pay more than 5 per cent and may even pay less.

The old bonds to be reissued are to the amount of \$2,144,000 and the new bonds are for \$256,000, a total of \$2,400,000. The interest on this sum at 4 1/2 per cent for forty years will be \$2,234,000 and for thirty years it will be \$2,425,500, a saving on interest of \$805,500 at 4 1/2 per cent. The interest on \$2,400,000 at 4 3/4 per cent for forty years will be \$2,646,000 and the interest at 5 per cent for thirty years will be \$2,205,000, a saving of interest of \$441,000.

The interest for two years at 4 1/2 per cent on \$2,400,000 will be \$264,600. The interest for two years at 4 3/4 per cent on \$2,144,000 will be \$212,640. The difference on the city hall bonds at 5 1/2 per cent would be \$43,780; at 5 per cent, \$20,500, at 4 1/2 per cent, \$35,220. The rent paid yearly for the city hall annex which will have to be occupied until the new city hall is completed is \$13,200.

VOTE NEEDED.

Although a two-thirds vote is needed to carry the bonds the necessity of voting them is being generally realized and it is believed that the bond issues will be successful. More than 1100 men and women inspected the new city hall yesterday and were impressed with the work already done and saw the importance of immediately completing this magnificent structure. The other improvements, such as the completion of school buildings, the building of the auditorium and the improving of the harbor is also generally realized and the bonds at a slight increase in interest will be voted.

"Because of the present condition of the financial markets we have been unable to sell our bonds at the interest rates proposed," said Mayor Mott today. "The situation is such that if the citizens should not carry the forthcoming bond election, the city council would doubtless be compelled by the courts to levy a direct tax big enough to meet the emergency and pay off the obligations of the city. This would mean a very high tax rate, a thing we are extremely anxious to avoid."

GOATS LOCK HORNS WITH FATAL RESULT

While picking blackberries near here Mrs. Carl Grove found two goats which had locked horns in fighting in such a manner as to become inseparable. One of the goats had evidently been dead a week, but the other was still alive. It was with difficulty that Mrs. Grove removed the dead animal from its live antagonist.

Wino Goes

While picking blackberries near here Mrs. Carl Grove found two goats which had locked horns in fighting in such a manner as to become inseparable. One of the goats had evidently been dead a week, but the other was still alive. It was with difficulty that Mrs. Grove removed the dead animal from its live antagonist.

A Word of Appreciation

It is with pardonable pride we recall that it is just six months ago since this beautiful new store was first opened. The splendid encouragement received in that time has amply demonstrated that there has been a long-felt want in the East Bay Cities for such an establishment.

Many people doubted our ability to "make good" with a store the size of this which ranks among the largest and most complete in the entire United States devoted exclusively to Millinery.

SUPERIOR VALUES and SPLENDID ASSORTMENTS of the NEWEST MILLINERY MERCHANDISE, combined with GERWIN SERVICE, are the foundation stones upon which we depend for a continued building up of the large patronage to which we are indebted for our success of the past season.

We have appreciated the many words of praise and encouragement bestowed upon the many delightful features of this store during the first season of its existence. The coming season will find us even better prepared to merit them.

LATEST NEWS FROM OUTSIDE TOWNS

CONVENTION TO CLOSE TONIGHT

Week of Festivities Will End With Public Installation at Temple.

SAN LEANDRO, July 18.—The S. P. R. S. I. Convention, which has been held here throughout the week, will close this evening with a public installation in the Masonic Temple. The Grand Council and delegates have had a strenuous time, and each moment of time has been crowded with incident, either in the way of business or pleasure. The day was spent in the hall given last night.

The following officers were elected by the convention for the ensuing year and will be installed tonight: Supreme President, Rosa Sarmiento, Oakland; Supreme Vice-President, Maria S. Bazzi, Oakland; Supreme Treasurer, Isabel Gloria Luis, San Leandro; Supreme Master of Ceremonies, marshal, Maria Sarmiento, Oakland; Supreme Inside Guard, Anna Leal, San Leandro; Supreme Outside Guard, Maria Sarmiento, Oakland; Supreme Secretary, Maria Sarmiento, Oakland; Supreme Financial Secretary, Maria Sarmiento, Oakland; Supreme Doctor, Dr. J. L. d'Azavedo.

After a long discussion, the convention decided to meet in Hanford next year, although many of the delegates favored Sacramento.

TWO BLIND PIGS CAUGHT IN RAID

Maerares Ignacio and Yue Yuen Said to Have Sold Liquor.

SAN LEANDRO, July 18.—Charges of conducting blind pigs were brought yesterday against Maerares Ignacio and Yue Yuen. The men were brought before Judge D. U. Toffelmier to answer to the charges this week.

Costanzo has kept a strict watch on the two men for the past few weeks. Ignacio, according to the complaint, runs a "blind pig" where he sells liquor without a license. Yue, the Chinaman, whom Costanzo accuses of conducting a blind pig, is alleged to have sold liquor at a place near the San Leandro power house. Complaints have been received of blind pigs being carried on in San Leandro, and detectives have been making inquiries with a view to securing arrests. The authorities are endeavoring to arrest other men, who will be charged with illicit liquor dealing. That blind pigs have been conducted here has been known to the authorities for some time past, who will make an effort to rid the town of the illicit liquor dealers.

FAST TIME MADE ON NEW HIGHWAY

SAN LEANDRO, July 18.—R. B. Chapman of Oakland pleaded guilty yesterday to a charge of speeding his automobile on the Foothill boulevard, and was fined \$25 by Judge Toffelmier. Chapman's attorney, J. J. ...

PLAN ACTION FOR TEN CENT FARE

The East Oakland Protection League to Map Out Procedure Wednesday.

SAN LEANDRO, July 18.—The East Oakland Protection League, which has been organized for the purpose of securing a ten-cent fare on the Southern Pacific suburban electric extension from San Francisco as far as the city limits of Oakland.

The Southern Pacific Company stated they could not see their way to grant the request for a ten-cent fare to Oakland city limits, and in an endeavor to prevent the railroad company from charging a 15-cent fare East Oakland clubs and organizations are planning to take action.

The case will be heard before the commission in San Francisco next Friday. The East Oakland Protection League will be represented by Attorney Freeman and a number of prominent East Oakland business men will be called as witnesses.

SAN LEANDRO ODD FELLOWS INSTALL

SAN LEANDRO, July 18.—The local lodge of Odd Fellows held a public installation Wednesday night. Officers installed were: Noble grand, Joseph Silverose; vice grand, F. R. Branch; recording secretary, Charles D. Reid; financial secretary, R. L. Clark; treasurer, Ed. Hoerst; warden, Budd F. Eger; conductor, J. Knudson; right supporter, R. H. Reid; left supporter, R. Jensen; chaplain, Claud Parrish; right supporter of noble grand, Charles Stockford; left supporter of noble grand, vice grand, C. G. Frank; left supporter of vice grand, G. R. Morgan; inside guard, Harry Parrish; outside guard, M. Payne. The Odd Fellows and their friends enjoyed a banquet following the installation.

PROTESTS FAIL TO MOVE TOWN TRUSTEES

HAYWARD, July 18.—In the face of strong opposition on the part of property owners, the town trustees will take bids for the street work on upper B street at the next meeting of the board. The street for nearly a mile will be laid with asphalt. The improvement will entail a large expenditure. Property owners along B street raised a vigorous protest against the proposed street laying, and suggested that the street be treated with tar macadam, a less expensive method. Objections were, however, overruled by the trustees, who decided to go ahead with the work. A protest on the part of residents on C street, which the trustees propose to lay with asphalt will come up at the next meeting of the board.

FRUITVALE YOUNGER SET ENJOYS BIRTHDAY DANCE

FRUITVALE, July 18.—Birthday celebrations in honor of Raymond Yale, popular Fruitvale young man, who attained his twenty-third year, took place last night at the home of Mr. and Mrs. Fred Kaiser. Yale is a brother of Mrs. Kaiser. He has just returned from a vacation at Lake Tahoe. The Kaisers invited a number of the younger set of Fruitvale to the celebration and a merry evening was spent in dancing and games. The following were the guests: Miss Virginia Crunt and Beverly Crunt, Miss Elma Steinmeyer and Ed Steinmeyer, Miss Lena ...

SODALITY TO GIVE COMEDY TONIGHT

"The Merry Cobbler" Will Be Presented by St. Joseph's Players.

FRUITVALE, July 18.—St. Joseph's Sodality players will stage "The Merry Cobbler" in the Sodality gymnasium, on Thirty-fourth avenue, this evening.

The play is a bright comedy, and should score a success in the capable hands of the Sodality amateurs, who have given many previous proofs of their ability.

Robert Walder will take the leading role of "The Merry Cobbler," while the part of Stella will be taken by Miss Josephine Bucher. Other important characters in the play will be impersonated by Miss Marie Kiesel, Miss Millie Cox, Miss Carrie Walder, Lee Cunningham, Joseph ...

A high-class selection of music will be played by the St. Joseph's Sodality band between the acts, and the accompaniments during the play will be furnished by the Sodality orchestra, "The Merry Cobbler" will be given again next Sunday.

PETITIONERS SURE SCHOOL WILL BE BUILT

SAN LEANDRO, July 18.—While no action has as yet been taken by the educational authorities in reply to a petition presented by the residents of North San Leandro, asking for a primary school in that district, the petitioners are confident that the school will be erected. Prominent residents identified with the Annex Improvement Association and Broadmoor Mothers' Club says they can count on sufficient funds to assure the construction of the school.

The Annex Association and Mothers' Club, under whose auspices the petition was presented to the trustees of San Leandro Grammar School, is bringing all its weight to bear upon the educational authorities in an endeavor to secure the primary school. F. B. Granger is president of the Annex Association, and Mrs. I. B. Langworthy president of the Broadmoor Mothers' Club.

STEALS FRUIT AND LEAVES HIS HAT

HAYWARD, July 18.—Exchange is no robbery, goes the saying, but Mrs. M. Hockenberg of Third and D streets thinks that a Derby hat in place of the supply of fruit she had laid out for jam making is hardly a bargain on her side. Mrs. Hockenberg left her house unguarded for a few minutes yesterday while she went out to make a purchase. She returned to find a hatless man bearing a bulky package, slouching down the street and on entering the house found that her fruit supply was missing. The fruit thief had evidently been frightened and had made a hurried departure, leaving his derby hat lying on a chair.

PORT COSTA WATER TO BE MEASURED SOON

MARTINEZ, July 18.—To prevent what is considered an undue waste of water and to conserve the supply from the Concord wells, which are beginning to lower, the Port Costa Water Company is about to install water meters. The water supply has held out exceptionally well, considering the past two dry winters, in spite of the heavy drain caused by the consumption at the Crocker refinery and Oilco oil works at Orland. Benicia at this time is facing a serious problem in the water supply and until new wells are sunk water is being hauled for domestic purposes.

NEW FERRY SERVICE TO OPEN SATURDAY

MARTINEZ, July 18.—The Martinez-Benicia Ferry and Transportation Company's steamer City of Seattle will begin service between this city and Benicia on Saturday morning, and thereafter will operate on a regular basis.

NEW BRANCH LINE TO BE OPENED SHORTLY

MARTINEZ, July 18.—Within the next sixty days it is expected that electric cars of the Oakland and Alameda railway will be operating over the San Ramon valley.

ARRANGING ADMISSION DAY HOUSING OF N. S.

SUISUN, July 18.—Arrangements are in progress for the housing of outside members of the N. S. G. W. who are planning to be present at the state convention of the Native Sons, which is to be held in Oakland, Admission day, September 9.

Members of Solano Parlor, No. 29, N. S. G. W., have decided to attend the celebration and a committee was appointed to confer with the local committee from Vallejo Parlor, No. 77, to select headquarters for "Solano county parlor" during the convention. J. J. Dignan of Piedmont Parlor, No. 120, assistant secretary of the Admission day committee, was present and addressed the meeting, showing how Oakland will entertain her guests.

DEATH INQUIRY INVOLVES MILLION

BALTIMORE, July 18.—The hearing was resumed in the circuit court here yesterday of the petition of the United States Fidelity and Guaranty company for an order of appointment of a receiver for the estate of the late Mr. J. H. ...

POLICE LOOK FOR ALLEGED EMBEZZLER

SAN FRANCISCO, July 18.—Another echo of the sensational and mysterious suicide of Olga Temnovich, the beautiful Russian girl who shot herself in the St. Francis Hotel some months ago, was heard last night when Detective Sergeant Joseph Redmond admitted that he is seeking F. Motridge, brother-in-law of the suicide, in an effort to learn from him the story of an alleged embezzlement of \$15,000.

According to Redmond, two Russians not long ago asked him to apprehend Motridge, who is the husband of Olga Temnovich's sister. The Russians told the sergeant that they, with Motridge, were working on a timber contract in British Columbia, and that Motridge suddenly disappeared, simultaneously with the \$15,000.

Redmond made a search, but learned only that Mrs. Motridge had gone to St. Petersburg to join her mother. Her husband is said to be in this country.

"If I can locate Motridge I will hold him and ask the police at Vancouver if he is wanted or not," said Redmond last night. "There seems to be some doubt about the wealth and position of the family, from what I have been able to ascertain."

HORSE THROWS RIDER. SAN JOSE, July 18.—Thomas Bettens, son of Albert Bettens, proprietor of a local hotel, was picked up in an unconscious condition on the Mount Hamilton road this morning by Professor Campbell, director of Lick Observatory, and hurried to this city in an automobile. He is suffering from concussion of the brain, and his injuries are believed to be fatal. Young Bettens, it appears, was returning from Mount Hamilton last night on horseback and was thrown by his unruly animal.

It's Something Awful. That so many people suffer with toothache is a sad thing. Really there is so much you can do for your suffering if you will only avail yourself of such a wonderful remedy.

Especially to cure you in the afternoon and at night. The genuine is in a yellow box with the name of the inventor on it. Beware of cheap imitations.

Kahn's New Store

The workmen are putting on the last finishing touches—their great task is almost ended. The time is almost here when our monster new store will be dedicated to the service of the public.

It will be a wonderful store—the largest in the city—one of the three largest on the coast.

The growth of our beautiful, progressive city makes such a store possible. On every hand Oakland is breaking new ground for new enterprises. And with this resistless push as an example, we could not lag behind—it is not our nature to limp when others run. Our advance is timed to the quickstep of the town—our progress is simply a tally of the city's growth.

The store will have entrances on three of the city's leading thoroughfares—San Pablo Avenue, Broadway and Sixteenth Street. All car lines pass or transfer to the new Kahn's.

Removal Sale Now at 12th and Washington

KAHN'S

THE ALWAYS BUSY STORE

SOME WARDROBE THIS GOWN FOR EVERY ACT

MRS. MARCUS SAMUELS (MABEL RIEGELMAN.)

Two dressmakers, working night and day, are completing one of the most elaborate wardrobes ever collected, even for a grand opera star, and this will be the property of Mrs. Marcus Samuels, formerly Mabel Riegelman, the Oakland girl who has become one of the most famous of today's opera stars. Miss Riegelman, as she is still known to the opera lovers, leaves soon for an extended concert tour of the East and will carry with her the great wardrobe which she has started.

Every role, from "Marguerite" to "Flora Tosca," will be costumed in the singer's wardrobe. Every opera she has the score of will have its accompanying gown, so that at a moment's notice she will be able to assume any part.

Dresses of all kinds, from the modern hobble and slashed skirts to the flowing Greek robe, will be in the collection. Some of them Miss Riegelman declares she may never wear, but she will have them handy in case of emergency.

About 20 dresses now being made in Oakland will be used for concert work. These will be plain ball and evening gowns—plain, of course, in this case meaning very elaborate—and besides these the opera costumes are being made both here and in Paris.

The Oakland singer, who is the daughter of Mr. and Mrs. Meyer Riegelman of this city, will give a series of concerts in Texas and Colorado on her way East. Her greatest successes in opera have been in Humperdinck's "Hansel and Gretel" and in "The Magic Flute." She has appeared in practically every opera produced on the modern stage.

HAYNES FACTORY ADDS NEW MODELS

General Manager Cochran, is Home From Kokomo With Latest News.

(By EDMUND CRINNION.)

Three new models have been added to the Haynes line of 1914 cars—to be known as models 26, 27 and 28 respectively, the first two being six-cylinder cars and the last a four.

Information to this effect was received here yesterday by the return to San Francisco of W. B. Cochran, president and general manager of the Haynes Auto Sales company, distributor of the Haynes products throughout the western part of the country, who has been at the Haynes factory in Kokomo, Indiana, for the past month.

Regular equipment of these latest Haynes models will include the Vulcan electric gear shifter. Speaking of the new models and their equipment Cochran said:

"The new Haynes models will have Vulcan electric gear shifters as regular equipment. The gear shifter operates the sliding shaft selective transmission by means of solenoids. A button controls each gear on the steering wheel, and in order to engage any one, it is only necessary to push the proper button and depress the clutch pedal. When the clutch is out, a switch attached to the pedal makes contact and sends current from the battery to the solenoid indicated by the button, this solenoid pulling the gear into engagement. As the switch between the solenoids and the battery can only be closed by depressing the clutch pedal, the danger of slipping gears is absolutely eliminated.

"The convenience of this system is apparent. The Haynes company has not lost the head of the competition on the overboard, however, for it will be retained on the present models 23 and 24. These have been slightly changed in that the quadrant will be located underneath the floor-board.

"Model 26 is a six-cylinder car, with a wheelbase of 100 inches and may be had in two, four and five-passenger open bodies and a four-passenger coupe body. Model 27 is practically the same model, differing only in that the wheelbase is 105 inches. It may be had with six and seven-passenger open bodies, and with a seven-passenger limousine. Model 28 is a four-cylinder car with a 115-inch wheelbase and may be had with the same types of bodies that are used on Model 26."

ROOT VISITS HERE.

O. J. Root, head of the Moine factory, interested in the car and also a member of the manufacturing company, arrived from Los Angeles yesterday to visit with the local Dreadnought Motors company. Root, who makes his headquarters in Los Angeles, is quite enthusiastic over the future of the motor car business. "The Moine factory had discontinued the yearly model idea," he says, "and will as heretofore adopt the new ideas and improvements as rapidly as they are brought out and proved to be entirely dependable."

MRS. WEBSTER BETTER.

Mrs. M. K. Webster, a member of the selling organization of the Pioneer Automobile company of Oakland, who has long enjoyed the distinction of being the only saleslady connected with the selling end of the automobile business in the bay cities, was operated upon yesterday at the Merritt Hospital for appendicitis, according to information received from the Pioneer company. It is reported that Mrs. Webster passed a very comfortable night, the operation having been entirely successful and is on the road to rapid recovery.

ALAMEDA COUNTY REGISTRATIONS.

11122—Miss L. Nielsen, Alameda, Ford. 11123—Frank Pock, Alameda, Auto.

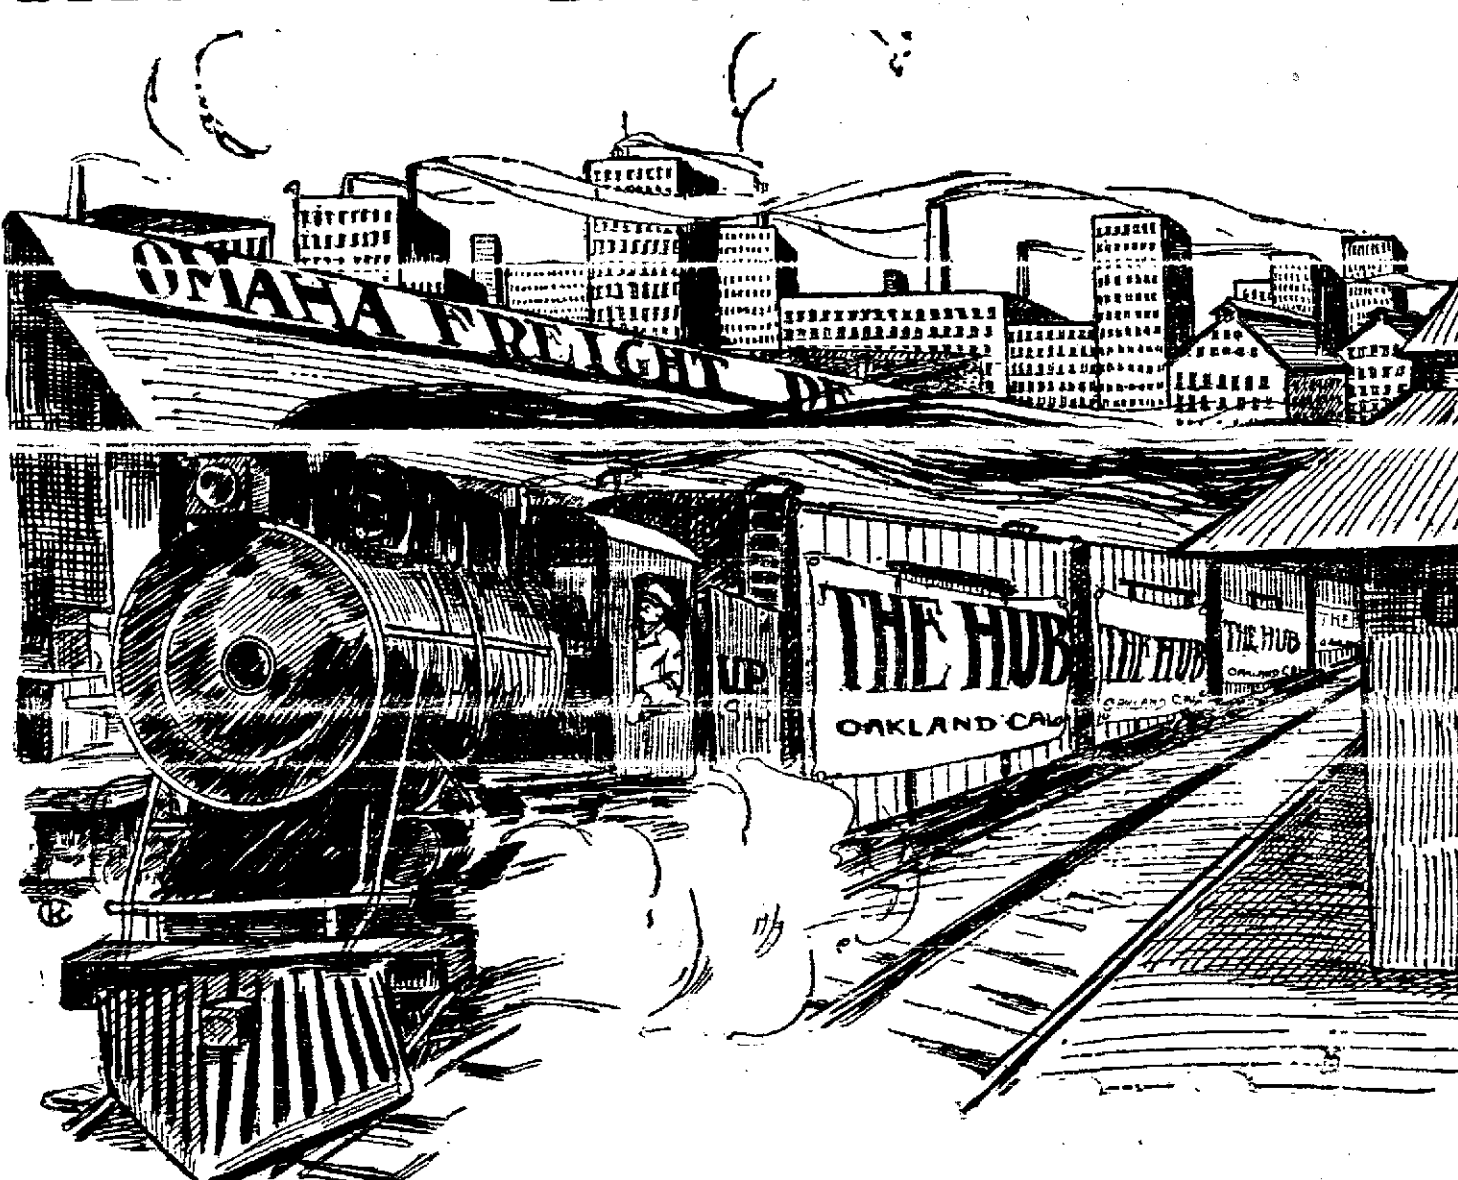

STARTS FOR EUROPE.

SAN JOSE, July 18.—Dr. W. W. Campbell, director of the Lick Observatory on Mount Hamilton, left the observatory yesterday morning for Europe. He will sail from New York for Hamburg.

GRAVE CHARGE DENIED.

ALBANY, N. Y., July 18.—Charges preferred against Supreme Court Justice Taft at Albany, N. Y., were denied last night by the Albany Herald.

WOMEN INJURED IN AUTO WRECK RECOVERING

SAN MATEO, July 18.—Miss Flora and Miss Eleanor Morgan, who were riding in an electric limousine in which they were struck by a trolley car, are recovering in their beds.

The accident occurred last Friday while the young women were traveling to Burlingame. Their motor car was smashed.

Mrs. L. N. Walter was passing by in auto and witnessed the accident. She telephoned the society girls to the residence of Norris Davis in this city and secured medical aid.

Mr. Davis is a brother-in-law of Miss Morgan.

AUTO FALLS OVER BANK; THREE BADLY INJURED

SANTA CRUZ, July 18.—Mr. and Mrs. A. Taylor of San Jose and Mrs. Taylor's daughter, Miss Winnie Piefer, were found lying unconscious at the foot of a 35-foot embankment over the edge of which their automobile had skidded yesterday. The accident occurred when the Taylor car turned out on a sprinkled road to pass another vehicle. Miss Piefer is suffering from concussion of the brain and her nose was nearly torn off; the other two were bruised and cut.

DATA OF COURTS WILL BE GIVEN COMMISSION

VALLEJO, July 18.—District Attorney Joseph M. Raines will go to San Francisco to confer with the state commission regarding a course of action to be pursued against the Napa Valley line, and its connection with the recent wreck. Raines has had the court reporter compile the voluminous data offered at the coroner's inquest, and this will be submitted to the state commission.

GREEK GODS COME TO EARTH AGAIN

Forest Lovers' Pageant Made Doubly Interesting by Woods Scene.

In beautiful symbolical form, the Greek gods who centuries ago dwelt on Mount Olympus came to earth last night at the Forest Lovers' pageant of Court Aiden, No. 247, Foresters of America, Carnival in North Oakland. In the natural woods of Fifteenth street and Telegraph avenue, before an enthusiastic audience. The pageant, the work of Adam Hull Shirk, a local newspaper man of this city, was enacted by more than 100 school children in flowing Grecian robes.

Another feature of last night's program was the parade of the local lodges led by Marshal E. de Luca, which extended for several blocks. Queen Marie Armanno and her royal attendants, Miss Marie Packard, Miss Mary Connolly, Miss Elizabeth Elgerta and Lena Ratta, were prominent in the parade. Scores of concessions were located on the fair grounds and were well patronized by the visitors. Tomorrow night there will be a parade of business men augmented with members of Court Allen Lodge of Foresters.

LOS ANGELES DRILL TEAM WINS PRIZE.

MINNEAPOLIS, Minn., July 18.—Buttalo, N. Y., was chosen as the place for the next convention of the Imperial palace, Dramatic Order Knights of Khorasan, at the business meeting of the palace here. Competitive drills were held yesterday by eight patrols, representing temples in various parts of the country. Los Angeles won first prize. Toledo second and Columbus third. The convention will close tonight.

NEW WIRELESS SETS FOR MEXICAN BORDER.

NOGALES, Ariz., July 18.—Three sets of wireless apparatus are being installed by the United States army signal corps at points west of here. It is understood the central station will be established at Nogales, with still other stations along the border as far east as Naco.

The wireless is intended to facilitate the transmission of messages between troops of the border patrol on duty along the Mexican-Arizona line.

"DRY STATE IN 1914" CAMPAIGN SLOGAN

LOS ANGELES, July 18.—After a decision to solicit the help of all temperance organizations in the state in the "California dry in 1914" campaign, the semi-national and state prohibition conference closed here last night.

George Yarnall of Pasadena, prohibitionist candidate for congress in 1912, introduced the resolution asking all temperance elements to join in the fight for state wide prohibition. It also was decided to establish salaried organizers in every county in the state.

PASSENGER RATE REVISION STARTS

Inter-State Commerce Order Is Obeyed by Associations.

CHICAGO, July 18.—A revision downward of interstate passenger fares has been begun by Western and Central passenger associations, in compliance with an order of the Interstate Commerce Commission that the new rates will be in effect May 1, 1914. Passenger officials of railways entering Chicago last night said it is doubtful if the task of revising the tariffs can be completed within the time limit prescribed by the commission.

The long and short haul clause of the interstate commerce law, which prohibits a higher charge for a through rate than the aggregate of the local fares, became effective July 1, 1913, but the commission suspended the time for its enforcement.

STRANDED LAKE STEAMER JETTISONS SALT CARGO

MILWAUKEE, Wis., July 18.—Bathers near Bare Point imagined yesterday they had plunged into the ocean instead of Lake Michigan, for the water was briny. The steamer Normandy, carrying 600 barrels of salt, went ashore early yesterday morning near the point, and a large part of her cargo was jettisoned before

AMERICAN EXPRESS WILL DISTRIBUTE STOCK

NEW YORK, July 18.—The directors of the American Express Company decided yesterday to distribute among the stockholders of the company 45,000 shares of stock of the Wells-Fargo Company, with a market value of nearly \$5,000,000, which have been held by the company for several years.

As there are 150,000 shares of American Express stock, one share of Wells-Fargo will be allotted for each four shares of the American Express stock.

RE-ARREST SUFFRAGETTE AT MILITANT MEETING

LONDON, July 18.—Miss Rachael Bartlett, assistant editor of The Suffragette, who was sentenced to nine months imprisonment on a conspiracy charge, July 17, and has been released on license several times, was re-arrested last night, after addressing a militant meeting. Suffragettes attempted to rescue her, but were held in check by a large force of police, while Miss Bartlett was bundled into a motor car and driven to Holloway jail.

Remarkable Cure for Dysentery.

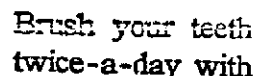

"I was attacked with dysentery about a week ago and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 pounds to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes E. W. Hill of Snow Hill, N. C. For sale by Osgood Bros. Drug Store.

Business Notes.

EDINBURGH, July 18.—Aston

Ways and means for restoring peace between the lumber interests of San Francisco and Portland and inducing the California city to lift her embargo against Oregon timber, and the development of export trade out of the port of Portland were among the problems discussed by the visitors in session with prominent local business men this afternoon.

The delegates left last night at 11 o'clock for Tacoma and Seattle.

because it is an efficient, safe dentifrice with a delicious flavor that makes its use a treat.

Another feature of a Policy of Title Insurance is that a party insured is enabled to avoid the expense of defending the title and is secured against loss of title.

Attacks on title are frequently made under various alleged claims without merit whatever. If the attack proves successful, the loss is increased by the amount of the expense of the suit. On the other hand, if the attack is unsuccessful, the cost of defending against it may and usually does mean great expense, and entails serious inconvenience and sometimes embarrassment. If the title is insured, all such attacks are easily avoided. The company always stands ready at its own expense to defend the title which has insured. Knowledge of this fact coming to unscrupulous persons who stir up law suits is one of the reasons why title insurance is otherwise a bludgeoning title will prove an effectual deterrent. The protection afforded by a policy extends not only to the proprietor's interest while it continues but inurex to the heirs of his heirs and devisees and to the entire title, so that for which all policies of title insurance run.

A policy thus covering a long period of time is not expensive, and is a protection not only on property in the market for sale, but especially on the title which is held as a residence, and provide against further unforeseen circumstances that may involve danger of loss, to promote a ready sale when possible, and to afford a sure defense to the wife and children as regards title.

The system of insuring titles as described above, prevails in all the large cities of California, Oregon, and

WASHINGTON, July 18.—Colonel Joseph G. Campbell, United States Cavalry, two divisions of the 1st Cavalry, Winchester, Va., arrived here last September, observing cavalry operations. First Lieutenant Corbit Hoffman, Twenty-third Infantry, relieved on duty, state university of Iowa, Iowa City, Iowa.

First Lieutenant Hoffman stands, relieved from duty at Camp Perry, Ohio. First Lieutenant Frank K. Chapin, Third Cavalry, will proceed to Fort D. A. Russell, Wyo., report commanding officer; Captain Samuel A. Brooks, retired, is relieved from duty organized militia of Minnesota.

How Are the Days Children Need Care

mer Heat Dangerous to
Little Ones Whose Bowels
Are Neglected.

mother cannot do better for her
than to teach them from
earliest days regularity of the
bowels.

Regularly can be promoted
by the child knowing it by
tasting its food and by so varying
it that all the elements of di-
gestion are used, when nature will do
rest. The future health of the
child depends upon this.

try as you will there are times
when the little one will become con-
stipated and bilious. In hot weather
this is especially true. Immediate
attention is necessary, as
serious diseases result from
stagnant bowels. Don't give salts

too harsh, but give a gentle, pleas-
tasting bowel stimulant like Dr.
Caldwell's Syrup Pepsin. It has been
used by the children of this as well as
mer generation, and thousands
smiles are proud to speak well of
long whom we can mention Mrs.
Reynolds, 909 Jackson St.,
Richmond, Va., who is glad to re-
commend it, and Mr. Chas. W. Allen,
Tex., who writes that he often

felt 100 years old, but feels younger
now than his years.

Every druggist sells Dr. Caldwell's
Syrup Pepsin, and the price is only

one. It will cure constipation and bil-
iousness in young or old, break up a
cold and stop summer diarrhoea by
ridding the bowels of the poisons and
germs that cause the trouble. It is a
grand family laxative, with valuable
tonic properties.

Families wishing to try a free sam-
ple bottle can obtain it, postpaid, by
addressing Dr. W. R. Caldwell, 418
Washington St., Monticello, Ill.

LIABILITY TOUR AUTOS REACH GLASGOW

ASGOW, Mont., July 12.—After
all-day run over the most perfect
they have encountered, entrants
the Minneapolis to Glacier Park
mobile liability tour reached
tonight from Williams, N. D.,
distance of 161 miles.

A feature of the day's run oc-
curred near Poplar, Mont., when 400
"captured" the party and held
captive while a sham battle and
dance in full regalia were staged.

MISSING MAN SAFE.

ASHINGTON, July 12.—Fred
Red Bluff, who was reported
missing for some time in Mexico, and
whom a search was ordered by the
department, sailed from Mazatlan
for California on July 7, according
to a letter of the department reser-
vedly to Representative Baker.

The Effects of Opiates.

WHAT INFANTS are peculiarly susceptible to opium and its various
preparations, all of which are narcotic, is well known. Even in the
smallest doses, if continued, these opiates cause changes in the func-
tions and growth of the cells which are likely to become permanent, causing
stunted, mental perversion, a craving for alcohol or narcotics in later life.
Various diseases, such as intractable nervous dyspepsia and lack of staying
power are a result of dosing with opiates or narcotics to keep children quiet
in their infancy. The rule among physicians is that children should never
have opiates in the smallest doses for more than a day at a time, and
then if unavoidable.

The administration of Anodynes, Drops, Cordials, Soothing Syrups and
other narcotics to children is a very dangerous and should be strongly
replied, and the druggist should not be a party to it. Children who are ill
need the attention of a physician, and it is nothing less than a crime to
drench them with narcotics.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.
Castoria always bears the signature of Chas. H. Fletcher.

Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.

SCHOOL AND PLAYGROUND

INDIAN COSTUMES LATEST FAD OF BOYS

To represent Indians and cowboys has
become a fad among lads of ten and six
years of age. Recently a small squad of
boys appeared on Linda Vista avenue in
Indian costumes and attracted the atten-
tion of the passers-by, who commented
upon the elaborate attire of the youths.
In all parts of this city the fad is im-
personating the red men. Here and there
on the public thoroughfares of this com-
munity the "daddies" displayed a desire
to adopt the mode of dress of the Indians.
While at play they say they wear their

information in dress has caused
much talk.

While the boys are becoming en-
thusiastic over the cowboy existence, the
girls are learning the domestic art both
at school and at home. Dozens of little
girls may be seen daily on the verandas
engaged in sewing or embroidering for
their dolls or themselves.

The industrial habit is being shown and
appreciated by the little women, who say
that they prefer handwork to the old-
fashioned games.

APPLICATIONS MUST BE FILED

Naturalization Rules Are An-
nounced for Benefit of
Aliens.

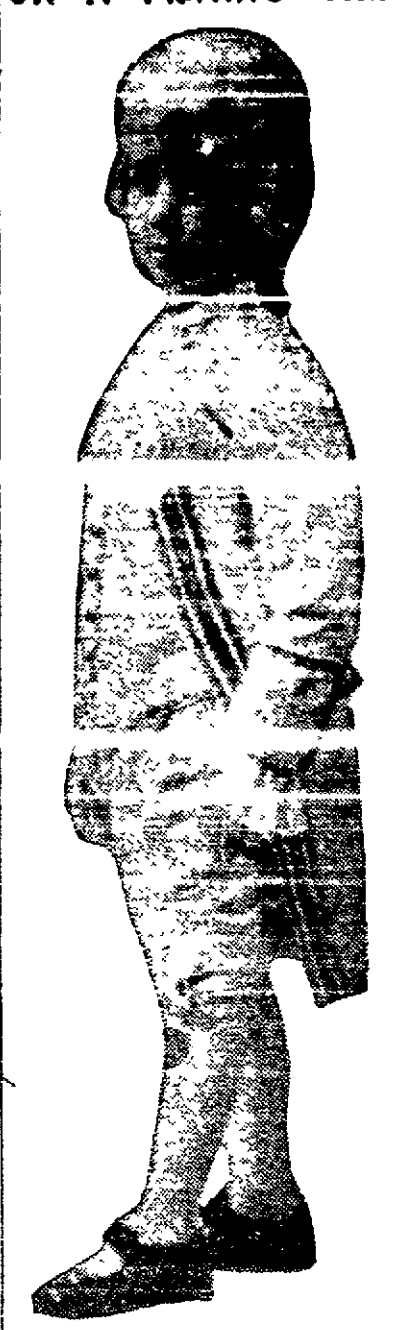

WASHINGTON, July 12.—Thousands of
aliens who have declared their intention
of becoming citizens of the United States
may be barred from realizing their
hopes unless they file final application
for naturalization before September 27.
Richard K. Campbell, Commissioner of
Naturalization, has sent letters to all
chief examiners throughout the country
calling their attention to this situation.

Records show that there are 40,000
aliens who have declared their intention
but have not filed final applications. A
large percentage of these made their
declaration before the enactment of the
present naturalization law, September 27,
1906, which requires that final applica-
tions be made not less than two nor more
than seven years after the declaration of
intention. Judge Jacob Treiber of the
Arkansas Federal Court recently held that
those who made declarations under the
old law and failed to make final applica-
tions within seven years after the pas-
sage of the new act would be barred from
citizenship forever.

Those who declared their intention un-
der the new law will have to wait two
years if they do not put in their final
applications before September 27.

ROBBED WHILE ABSENT.
SAN FRANCISCO, July 12.—Mrs.
C. J. Quinn of 1149 Broderick street
was away from home for two hours
this morning and returned to find that
burglars had entered and stolen jew-
elry to the amount of \$174.

OAKLAND BOY AWAY ON A FISHING TRIP

EMIL LEHNARDT.
—Scharz photo.

Among the juveniles who enjoyed fish-
ing in Lake Tahoe was Emil Lehnardt,
Jr., who motored from that resort to So-
nomma county, where he is now passing his
vacation. He takes his fishing very
seriously and is a regular and frequently ap-
peared on the lake in a boat, which he
assisted in managing.

Emil last season won distinction in the
amateur performances given in one of the
private schools of this city, where he will
continue his studies upon the opening
of the fall term.

Despite his youth, Emil frequently takes
able to say whether he will enter the
profession or the business world. Many
of his friends have predicted that he will
enter the legal realm as he has marked
oratorical powers.

THE OAKLAND TRIBUNE operates
the largest Job Printing establishment
in Alameda county. Ring up Oakland
328 or call at TRIBUNE Office.

CLAWSON TEAM IS BARRED FROM LEAGUE

Due to the fact that one of the Claw-
son players misrepresented his age when
signing up with the supervisors and played
in some of the league games, the whole
Clawson Junior team was thrown out of
the Interplayground League. This is es-
pecially unfortunate as the Clawson ag-
gregation were a very fast bunch of ball
players and undoubtedly had one of the
best chances to win the championship of
any of the playground teams. This action

in accordance with a new rule recently
adopted which is in effect that any team
which plays a boy over the qualified age
in any game will be thrown out of the
league. This is hard on the team mates
of the offending player as they therefore
lose all their chances to win medals
through the display of one player.

The Macrose and Garfield Juniors re-
cently figured a very fast close game at
the former grounds. The visitors sur-
prised the home team by carrying off the
honors by a score of 8 to 3. The game
was in doubt until the very last inning.
The home team scored runs in the 7th and
8th innings and the score stood 7 to 3.
Garfield totaled 5. The score card stands
as follows:

CLAWSON	AB.	R.	H.
Andrew, 2b.	5	3	1
Moore, 1b.	5	1	1
Smith, 1b.	5	2	0
Garfield, 2b.	5	0	0
J. Brown, ss.	5	0	1
Rockford, 1b.	4	1	0
Martin, cf.	4	1	0
Christiansen, c.	4	0	1
Campbell, p.	4	0	0

SEALS AND OAKS CLASH.

On Tuesday morning the Seals and Oaks
clashed in their first game at De Frem-
erv park. It was a game well going a
long distance to see. For a time it looked
like certain defeat for the Seals, but they
pulled themselves together in the last few
innings and won out by a score of 6 to 5.
Machado of the Oaks showed himself to
be in the 400 class of hitters. Tony
Scott and Myron Towne were hit-
ted against each other in the pitcher's
box. The score tells the following tale in
innings and outs:

SEALS	AB.	R.	H.
Allen, 1b.	4	2	2
Mickey, c.	5	2	2
T. Scott, 2b.	5	0	2
Keyrose, ss.	3	1	1
Ciccoroni, 2b.	2	1	1
Martin, 1b.	4	0	0
Geer, 2b.	4	0	1
Turner, cf.	3	1	1
Hardy, rf.	4	1	1

OAKS	AB.	R.	H.
Mason, c.	4	3	3
Towne, p.	4	1	2
Flicks, c.	4	0	0
Davis, c.	4	0	0
Holtz, 2b.	5	0	0
Machado, 1b.	5	0	4
R. Towne, rf.	2	1	6
Rugg, cf.	4	1	1
Clarke, ss.	3	1	0

Franklin acted as official score-keeper.
In the afternoon, the Seals, having
beaten the Oaks in the game, won the
right to play the Live Oaks from Mon-
day. The visitors played a classy article
of ball and at no time were they in dan-
ger from the home team. The star hit-
ters for the Live Oaks were Rossi, Nino
and Furrer. These players all figured
prominently in all the infield plays.

The line up of the two teams was as
follows:

LIVE OAKS	AB.	R.	H.
Rossi, 2b.	5	3	2
Nino, 2b.	5	1	2
Easterly, c.	5	0	1
Griffen, 1b.	5	1	1
Furrer, 1b.	5	1	1
L. Griffin, ss.	5	0	1
Hugh, 1b.	3	1	1
Campbell, cf.	3	1	2
Whit, rf.	3	1	1

STOCKHOLDERS WILL DELAY INVESTIGATION

Minority stockholders of the Oak-
land Traction Company and San Fran-
cisco, Oakland and San Jose railway
will take a week to investigate the
books of the old company and the
and the holding company until the
trustees' committee in San Francisco,
representing the rehabilitation of the
P. M. Smith properties, have been
able to finance the properties so that
outstanding debts may be canceled.

When notes fell due the 14th of
this month it was found that there
were no funds with which to meet
the principal and interest. The east-
ern bonding companies refused to lend
the money and other companies had
to be resorted to. The financing will
take place in a few days, it is said,
and in the meantime the minority will
not embarrass the trustees by taking
any action in the courts or otherwise.

CURED ITCHING HUMOR ON FACE

Very Embarrassing. Could not Sleep.
Used Resinol—Well in a Week.

Pittsburgh, Pa., May 2, 1913.—"I had
a magworm on the side of my face. It
began like a cold blister—a small red
mark. Each day it became larger until
it was a round lump about the size of
a quarter. It burned and itched me ter-
ribly, and was very sore. It was also
swollen and caused me a great deal of
discomfort as I could not sleep at night.
It was very embarrassing and I didn't
want any of my friends to see me. I
used several remedies such as salve and
some kind of a powder, but they did no
good. I used Resinol Soap and Resinol
Ointment for one week and cured it."
(Signed) Eleanor D. Shultz, 208 North
Charleston Ave.

GOLD MINE OBJECT OF THREE CORNERED FIGHT

STOCKTON, July 12.—Litigation af-
fecting the Black Oak mine in Tuolumne
county, one of the most potential gold
producers in the state, began here yes-
terday before Superior Judge Plummer.

It is a three-cornered fight and in-
volves about \$80,000. It seems that in
1906 Charles T. Knox leased the prop-
erty from the owners, Mrs. Austin T.
Scott, C. Campbell and C. S. Dow, and
agreed to purchase it at a given time.
Knox also assumed several mortgages,
the principal one being held by Thomas
A. Fisher, and agreed, it is claimed, to
pay 15 per cent interest on the mortgage
indebtedness if the output of the mine
warranted his purchasing.

Knox, it is said, spent \$200,000 devel-
oping the property, and at the time the
debts were due didn't feel that he was
warranted in paying more than 7 per
cent interest. The suit is to determine
whether he shall pay 7 per cent or 15
per cent on the note. A large number
of prominent attorneys are involved in
the case, among them being Gavin Mc-
Nab.

BATHERS GET SALT BATH IN THE LAKE

MILWAUKEE, Wis., July 12.—Bathers
near Bare Point, imagined today they
had plunged into the ocean instead of
Lake Michigan, for the water was briny.
\$6500 barrels of salt, went ashore early
this morning near the point.

A large part of her cargo was jettisoned
before she was pulled off the reef.

BIDS FOR COLLEGE.

SAN JOSE, July 12.—In a letter to
W. L. Atkinson, vice-president of the
Chamber of Commerce, the public
last night, Rolla V. Watt, chairman
of the trustees of the College of the
Pacific, suggests that San Jose make
\$100,000 of a \$200,000 endowment

ESCAPED LEPER IS CAPTURED AT INDEX

BELLINGHAM, Wash., July 12.—A tel-
ephone message from Index, sixty miles
south of here, last night, said that Dom-
nik Pittor, the leper who escaped from
Diamond Point, has been arrested there.
The sheriff of Snohomish county has
started to Index to get the man.

Made from the best selected chrome
tan with genuine elk soles, sizes 5
to 13 1/2.
Priced to go at \$1.55

CAMPBELL'S WINTER CHASER

Pays "Dividends" In Health and Fuel

It Reduces Coal Bills

Because of the large, drop-top, patent heat-retainer, the down draft, the big air chamber, and the correct, scientific planning which makes every ounce of coal deliver its heat.

Gives Heat As Well As Warm

This is an important point. With the Winter-Chaser, you reduce the danger of catarrhal troubles. You will have no warped and dried-out furniture. The reservoir—extra large gives moist and healthful heat.

Heats Quietly And Holds Heat

You can dress in comfort and eat breakfast in a warm house—this we can promise you because of the ready action. As soon as you fire up, warmth begins—and it lasts all night.

Good Fire Insurance

The reason for this is the large air-chamber which prevents the overheating of the furnace. It is a safety feature which is not found in other heaters.

Constant Circulation Good Ventilation

The Rotary Air Movement, now acknowledged to be the right method, was invented by Mr. Campbell. In the Winter-Chaser there is constant circulation. The air is being carried to the furnace, sterilized as well as heated, and sent out pure and moist.

Lowest In Repairs

No furnace made requires so little attention to run, or so few repairs. It is all of steel, built to last. We have letters to prove that many Winter-Chasers which have seen nearly thirty years service are still doing successful work. It is the first successful steel heater ever made.

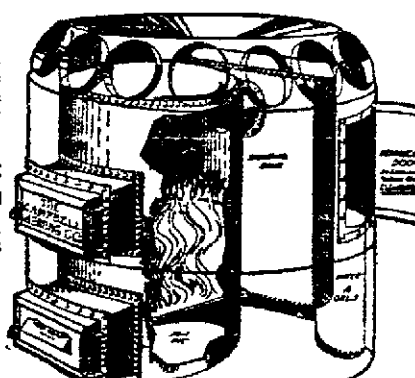

We Install A Winter-Chaser In 24 Hours And Guarantee It To Give Heat To 70 Degrees

Can we do more? You will understand why we can promise this when you read the booklet in which we prove what this Campbell Furnace has done for many others.

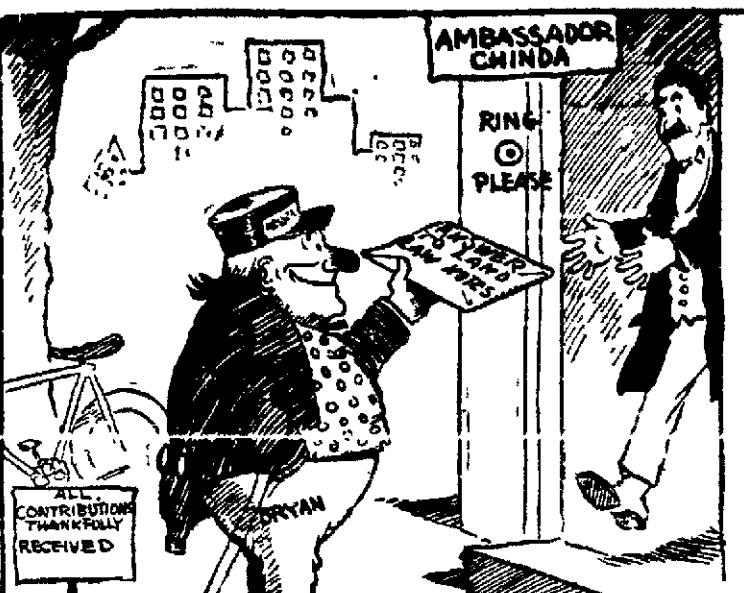

Let Us Show What It Can Do For You

And the World Laughs On

BIG ACREAGE IS SOLD IN FARMS

Solano Lands Going Fast; Wednesday's Sales Are Huge.

Wednesday's sales of Solano Irrigated Farms subdivisions aggregated 227 acres and the total price was around \$40,000. This was a record for midweek transactions and brought the total since the opening of the sale, little over three weeks ago, to \$1,100,000. The sales, in the middle of the week, were made without special effort on our part, said a member of the firm of A. J. Rich & Co. yesterday. "We had only expected to clean up the business following last Sunday's excursion, but the demand for the lands and the flood of new inquiries seem to have settled into a steady pace that amazes even us, although we have looked for something unusual to follow our advertising. It has brought us all the business that we can conveniently handle and we have been obliged to limit our excursions. We are sure that we have broken the record for the sale of small farms. The salesmen are an enthusiastic over the project and are and are reported to the number of prospective buyers who visit the property, has exceeded anything in their experience."

SEAMEN OF COAST THREATEN STRIKE

Andrew Furuseth Says Tars Are Angry Over Non-Passage of La Follette Law.

WASHINGTON, July 18.—Rumors of an impending strike of all seamen of the Pacific Coast due to the failure of congress to pass the La Follette bill to abolish involuntary servitude among seamen, reached Washington today. With this news it was reported also that the seamen had begun a well financed campaign to capture the membership and funds of the sailors' union of the Pacific. Declaring that nineteen years of effort has failed to make the seamen's measure a law, Andrew Furuseth, president of the International Seamen's union who is in Washington, said that the situation was critical and that unless the men in his organization soon were a surety by action of the senate commerce committee that the Democratic administration would come to their relief, the officers could not prevent a general tieup of the ports on the west coast. The matter was laid before President Wilson by the secretary of labor.

WOMAN IS CHARGED

CHICAGO, July 18.—Mrs. Elizabeth Desamone was formally charged yesterday with the murder of James Agnew, a wealthy West Side restaurateur, whose body, pierced with four bullets, was found in a vacant lot in the rear of Mrs. Desamone's home two days ago. Her bail was fixed at \$5,000. The police suspect that Agnew was slain in the Desamone home and the corpse then thrown into the lot.

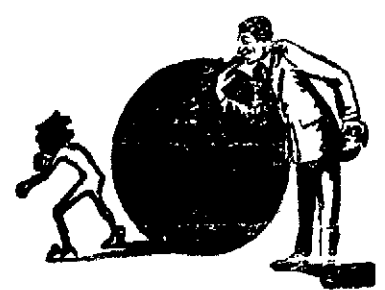

WIDNEY WARNED BY DISTRICT ATTORNEY

SAN FRANCISCO, July 18.—That Robert J. Widney and Mrs. Vivien Lyons must not live together openly in this city was the information imparted to Widney yesterday afternoon by District Attorney Charles M. Fickert, after complaint had been made to the prosecuting officer that they were doing so. The complaint is supposed to have been made by a person acting in the interests of Mrs. Widney at Los Angeles. It is understood that Widney was summoned to Fickert's office and told that he must change his mode of life as far as Mrs. Lyons was concerned. Widney denied that he had been living with the fair divorcee, but said that he doubtless had been seen with her. He promised that he would be seen with her no more, and, with a warning, Fickert let him go. He was told that unless he lived up to this promise that prosecution would be started against him.

GENERAL DIAZ TO MAKE VISIT TO JAPAN

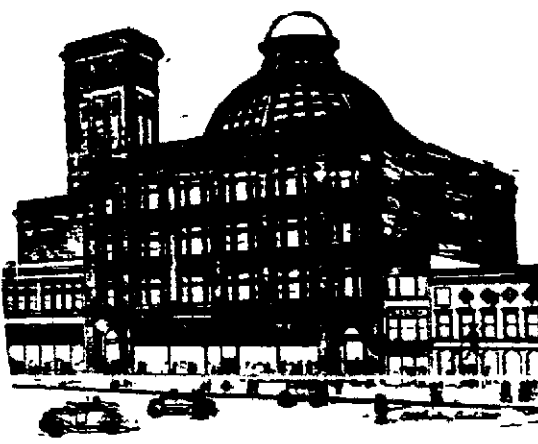

MEXICO CITY, July 18.—General Felix Diaz, nephew of the exiled President Porfirio Diaz, and aide of President Huerta in the overthrow of the former regime, has been named as special ambassador to Japan to convey to the Mikado the thanks of the Mexican Government for Japan's participation in the centennial celebration of 1910. General Diaz probably will start on his mission Saturday. The appointment is regarded as a political move to remove Diaz from the Presidential race. The election has been called for October 15.

Boils Are a Bad Indication

With S. S. S. You Can Tell Poisoned Blood to Be Gone. The appearance of boils leads many people to consider them a sign of robust constitution. They are more apt to signify a condition of sick blood, however, and to cause worry and discomfort. It is precisely the effect when you use that remarkable remedy S. S. S. It has the peculiar action of soaking through the intestines directly into the blood. In a few minutes its influence is at work in every artery, vein and tiny capillary. Every membrane, every organ of the body, every elementary body in effect a filter to strain the blood of impurities. And best of all, this remarkable remedy is welcome to the weakest stomach. You can get S. S. S. at any drug store. It is a standard remedy, recognized and approved by the highest medical authorities. Beware of any cheap imitations. If you are troubled with boils, S. S. S. is the only remedy that will cure them. It is the only remedy that will cure them. It is the only remedy that will cure them.

CRUISER NEW YORK COMING FOR REPAIRS

VALLEJO, July 18.—Admiral Sampson, commander of the U. S. fleet, is to be returned to this coast this summer for complete overhauling. The New York is the powerful armored cruiser used by Admiral Sampson as his flagship at Santiago de Cuba in 1898. At that time it was the fastest ship in the United States navy, but now is regarded as more than third class and has been relegated to the Orient. The station generally considered unimportant. The New York has been in China waters for three years and will have to be extensively repaired if it is still retained as a cruiser. Either the Charleston or the Milwaukee, now with the reserve fleet at Bremerton, will relieve the New York.

Economic Phase of the Bond Question.

Considerations of economy as well as the sentiment of civic pride call for the completion of the city hall at the earliest possible moment. The city is paying \$1000 a month rent for temporary offices. The longer the completion of the city hall is delayed the longer this rent expense will continue.

Nobody will deny that the hall must be finished sometime. If bonds are not voted, a special tax will have to be levied. A special tax will make the immediate burdens of the taxpayers onerous and unnecessarily heavy, besides delaying the work of completion for a long period, during which the city would be compelled to pay rent for temporary offices.

Here is a condition from which there is no escape. We will have to vote the bonds or accept a worse alternative. By voting the bonds the completion of the municipal building will be expedited and money saved to the taxpayers.

It is useless to discuss what might have been done or what was not done in the past with the situation in the present posture. From every point of view it is desirable to have the city hall completed as soon as possible. In its present state it is a bad advertisement for the city, and is entailing a heavy expense which cannot be avoided as long as the hall is unfitted for occupancy. To vote against the bonds as an expression of dissatisfaction with the administration will not mend the matter—it will only make the situation worse, increase rather than lighten the load the taxpayer is required to bear.

The foregoing applies solely to the additional bond issue required to complete the city hall. The school proposition is quite a different matter. No additional appropriation is required to complete the schools. The proposition is a simple one. The bonds already authorized by popular vote cannot be sold at the rate of interest they bear. The voters are asked to authorize an increase of the interest rate that will make them saleable. Unless this is done the uncompleted buildings will deteriorate and the children will have to go without adequate schoolroom facilities.

Again, the only alternative is delay and a special tax. Meanwhile the incomplete buildings will stand as mournful monuments of a disheartened public spirit. They will be memorials to high ambitions which have departed, to make Oakland the scoff and byword of her neighbors. The school department will be crippled and children denied schooling because needed schoolroom facilities are lacking. All because of an unwillingness to pay the increased interest rate without which we cannot market our bonds.

The people of Oakland have never yet failed to vote financial assistance to the schools. They have authorized a bond issue for the new school buildings. Will they now balk and haggle over a question of interest? Will they cut off their noses to spite their faces and advertise to the world that the civic spirit of this city has fallen so low that children are denied the benefits of education by refusal to provide schoolroom facilities?

Let the answer be worthy of a brave public-spirited people. Let us go forward and complete the schools and the city hall, neither mark time nor step backward.

When Theodore Roosevelt filled the presidential chair, also the mouth of fame, he wrote for money. He added to his income by contributing articles to the magazines. Nobody accused him of neglecting his official duties or of demeaning the presidential office. As President, Colonel Roosevelt received a salary of \$100,000 a year and lived rent free in a house furnished and maintained by the government; the government paid his servants and supplied horses, carriages and drivers for himself and family. Even the gardens and greenhouses which supplied his table with cut flowers were maintained at the public charge. We do not recall that Senator Bristow suggested a Senatorial inquiry because President Roosevelt employed his pen for his private profit in the hours he could spare from the public business. But it is different when William Jennings Bryan takes the lecture platform during his vacation time to eke out a salary that is insufficient to support him in the style in which he is compelled to live by reason of his official position. Mr. Bryan is compelled to provide and furnish his own house and pay his servants, and he is paid \$12,000 a year. Oh, humbug, thy name is Bristow!

The young woman in Richmond, Virginia, arrested for wearing a slashed skirt which exposed her leg to the knee claimed that she had a right to go thus garbed because she had bought the skirt in a licensed department store. She forgot to mention the trifling fact that women with a proper regard for decorum wear an underskirt which prevents a suggestive exposure of their nether limbs. The inference is that she wanted her pretty leg to be seen and therefore omitted the underskirt which robbed the slashed garment of all offense to modest minds. Doubtless she would have excited less ribald comment, but what notoriety she did achieve would have redounded to the honor and glory of her sex. Her defense was singularly lacking in appositeness and candor. Licensed department stores sell garters. Would she contend that women are therefore justified in appearing on the streets clad in garters alone? Modesty is not in the raiment but in the manner in which it is worn. It is immodest to provoke prurient curiosity either by conduct or attire, and indecent intent is suggested by an arrangement of clothing which leaves exposed portions of the person which modesty and self-respect demand should be covered.

Has Senator Bristow considered that Secretary Bryan may be as useful to the government on the lecture platform as the State Department in Washington?

Jack Johnson says he will never come back to the United States but we hope he will keep his word. Jack Johnson is an

Grape juice comes high in Washington, judging from Mr.

WHEN WE HAVE POLICEWOMEN!

OAKLAND TRIBUNE CARTOONIST.

Fatal Features in Rees Harbor Plans.

Next to the proposed destruction of the Key Route basin and the total disruption of the well-matured plans of the municipal improvement of the western waterfront of Oakland which its citizens had at a referendum election approved and voted bonds for its accomplishment, the most fatal feature of the Rees plan of the western harbor-front improvement was that no estimate of its cost or time of completion had been made by its author. In fact, when Colonel Rees replied to the question as to whether any estimate had been made as to either, he and every one present at the Wednesday afternoon conference realized the grave mistake that had been made by the commercial bodies of the east bay shore cities by endorsing such an ill-considered project. It was like discovering that they had been offered and had accepted a gold brick which was, in fact, the nature of the Rees proposition.

Colonel Rees' frank admission that he had no idea, and no means of determining what would be the cost or how long it would take to construct the ten-mile bay-side protective dike and dredge the 1500-1200-foot-wide channel between it and his proposed pipeline system of over-foot insuore docks exposed the immaturity and recklessness of his plan of harbor improvements and the mistake that had been committed by the commercial bodies of the east bay shore cities in rashly endorsing the scheme so that he might recommend it to the War Department for submission to Congress for favorable consideration. Naturally, Congress would ask—What will it cost and how long will it take to carry out the plan and what facilities will it furnish commerce and the largest and most modern type of ocean-going vessels when completed? If no better answer could be given Congress than was given by Colonel Rees to the conference called by the Mayor, irrespective of any other consideration, it would be hopeless to expect favorable action on it.

Colonel Rees' plan of the commercial development of the east bay shore has, however, the additional objection that it destroys the greater possibilities for shipping accommodations which the shore line possesses and thereby dwarfs its future commercial value to the communities located on it, besides postponing indefinitely its commercial utilization, whereas its immediate availability is demanded to meet the wants of commerce which the opening of the Panama canal is reasonably expected to develop, and for which the plans adopted by the city of Oakland have been designed and to the carrying out of which it has committed itself, after long and deliberate consideration by the best experts in harbor improvements it could employ, incurring a large bonded indebtedness for the purpose and making material progress in the expenditure of money.

It must, therefore, appeal to every citizen loyal to the commercial interests of Oakland that this is no time "to swap horses in mid-stream" by abandoning well-digested plans, the ultimate cost of which we have some definite estimate and which promise, if vigorously and intelligently prosecuted, will meet the immediate demands of commerce. And in the carrying out of these plans it will be suicidal to halt in view of the fact that every harbor on the Pacific Coast—San Diego, Los Angeles, San Francisco, Seattle, Victoria and Vancouver—is straining its efforts and resources to the limit to anticipate us. Changing plans of harbor improvement or hesitation in carrying out those already adopted and in course of development spells ruin to Oakland's legitimate and natural prospects of attaining commercial supremacy on the Pacific Coast through the new commerce in the Pacific ocean which the opening of the Panama canal will introduce. This city certainly cannot, therefore, afford to commit itself to the adoption of a plan of harbor improvement destructive of what it has already

Congress, basing involving a possible joint act by the Federal government and the east bay shore cities of \$100,000,000 or more

Twenty Years Ago Today

Mrs. J. C. Hanks and Misses Mary E. and Etta Brown are at the World's Fair. Alex. Rosborough entertained many friends Thursday night at his home in Castle Craig. George Bingham, the well known pioneer of this county, has gone to the Soldiers' Home in Santa Monica. The money panic is spreading all over the United States. Colorado, Kansas, Ohio all witness big failures, national as well as private concerns going under. It is said that London banks are unsteady and foreign exchange is shaky. Plans are afoot for the illumination of the Fruitvale district. Electrical contracts will be let in the near future by the Supervisors, who are now busy with the estimates. D. O. Mink, Mrs. W. H. Law and Mrs. Eastman of California are at the World's Fair. The Midwinter Fair scheme seems to be hanging in the balance. Unusual opposition to the plan has developed and powerful influences seem to be working against the project. Company F last night elected G. H. Weimer captain and Sergeant W. H. Cobbiedick first lieutenant. Evangelist George R. Cairns will preach soon at the Christian Endeavor Mission in Eighth street. Affidavits are being filed in the United States Circuit Court by old-time residents of Oakland regarding the position and history of the Webster street wharf, now the subject of a law suit between the city and the Southern Pacific. The testimony is very important, such pioneers as J. T. McKenzie, Edward Foster, A. Clark Watson, Harry N. Morse, Fred A. Campbell, Edward Hackett, William Slack and Horace Clark waiting out testimony. Attorney J. B. de las Casas, the well-known attorney, formerly of this city, has opened offices in San Francisco. Rev. J. D. Green, pastor of the Berkeley Baptist Church, has accepted a call from Los Angeles, and will leave soon for his new pulpit. Mrs. L. Whittaker and Miss Male Stapp have returned from a brief sojourn at Pacific Grove. At a meeting of the Berkeley City Trustees last night the following officers were elected for the next two years: E. C. Robinson, city attorney; Richard Lloyd, street superintendent; J. G. McCarthy, J. C. Newell, W. L. Dene and G. Lopez, deputy marshals. Two men are digging at the corner of McPherson street and Haight avenue Alameda, in the hopes of finding gold. There are many stories afloat at present regarding pirates who hid their booty in this vicinity, and these men are vainly digging. The Alameda County Humane Society was reorganized last night. Rev. C. W. Wendt is president.

Notes on Forest Work
Ammonia bombs are being tried out on some of the national forests for the purpose of having worked well in the case of brush fires where the fire-fighters find difficulty in getting near enough to the burning area to beat out the flames. Each bomb exploded will extinguish fire in a circle of about five yards in diameter. The Western Pacific Railway has instructed its engineers to report fires along the right-of-way where it traverses the Plumas national forest, California. The location of fires is indicated on a card

LOBBYISTS OF OTHER DAYS

"The senate investigation of the lobby alleged to be in Washington reminds me of several similar investigations," remarked Matthew Minor, an old-time Washington correspondent, now of New York. "Back in the late '70s there was an investigation of the lobby supposed to have tried to influence legislation in favor of the Pacific mail subsidy proposition. At that time the fact was developed that one prominent newspaper man received \$30,000, which he admitted he had put in his pocket. Asked why he had done this, he calmly replied that the money had been given to him to spread among the correspondents and he had kept it, he said, because he did not want to corrupt the young men. But that is history, and the man who got the money, I may say, never stood very high among the reputable newspaper men of Washington. There was an investigation of the

zaghian. Billy owned, or thought he owned, patents of valuable silver mining property in California, and he came to Congress years afterward attempting to secure the right to go to the court of claims to present his case. On the last day of the Forty-seventh Congress, Speaker Keifer indiscreetly opened up the press gallery of the house of representatives to all sorts of persons, who were admitted upon his personal card. This action of the speaker angered the correspondents, and particularly General H. W. Brown, who at that time was the dean of the corps. Speaker Keifer was denounced at a meeting in the press gallery, by a vote that was almost unanimous. In fact, there was only one correspondent who declined to record his vote in favor of the censure of the speaker. Subsequently Speaker Keifer, perhaps in pique, declared on the floor of the house that he had been improperly approached by General Boynton in behalf of McCarthagan. General Boynton immediately demanded an investigation, and Speaker Carlisle, who succeeded Keifer, appointed a special committee to investigate the charge. The volume containing the testimony is that very interesting case consists of several hundred pages, and it resulted in the complete exoneration of General Boynton. It also resulted in the annihilation of Speaker Keifer, who, largely because of the attack upon General Boynton, was defeated for the Forty-ninth Congress, and remained in private life, until the Spanish-American war, when President McKinley, after having commissioned General Boynton, a major general of volunteers, asked General Boynton if he would be willing to bury the hatchet and present him (McKinley) to General Keifer as a commission. General Boynton, of course, was quite willing, and General Keifer was made a general in the Spanish-American war. Subsequently he was elected to Congress, where he had formerly been speaker. He served several

swamped the Republican party following the passage of the Payne-Aldrich tariff bill—Washington Post.

POINTED PARAGRAPHS

Swallowing your grief is a bitter dose. Even a self-made man sometimes makes a bad job of it. To the victor belongs the spoils of paying the freight. Though she may be as young as she looks, she doesn't always look fit. Occasionally a man kicks because his name is in the paper—in small type. Some women acquire social distinction through marriage and some lost it. It was feminine curiosity that led to the discovery of Moses in the bulrushes. All the world ceases to love a lover when called upon to buy wedding presents for him. And the man who publicly boasts of his honesty may secretly pride himself on his ability to escape detection—Chicago News.

ALL ABOUT PORCHES

Next to the ice box, the porch is the pleasantest room in the house in summer. A porch is shielded from the sun and the rain by vines and a roof. Yet it is open to every breath of cooling breeze as well as an occasional breath of neighborhood gossip. In eastern climes the porch is often called the stoop. To elegant suburbs "the stoop" to nothing less than "verandas." But in congested tenement districts it is most often pronounced "fire escape." Porches are largely patronized by young lovers, grandmothers, mandolin bands, neighborhood gossips and ham-

As who gossips at the aerial families in the circus, consider the young lady who can balance herself in a nervous porcupine hammock while dodging a fur dog, a fan, a pound of chocolate and a pound and a half of "A Beauty's Soiree," or "Vivian Vividocks, the Lady Prunehater." Two of the most popular pastimes for porch parties are telling anecdotes and burning punk. The anecdotes are for solid comfort bub-blee-us!

CHINESE MEET REBELS IN BLOODY CONFLICT

BATTLE RAGES IN PROVINCE

KIANG SI

Rebels Joined by Troops in Forts at Wu Sung and Nanking.

Government Desertions Prove Smaller Than at First Anticipated.

PEKING, China, July 18.—The situation brought about by the rebellion in the southern provinces of China has improved somewhat today, regarded from the northern point of view. Fewer soldiers have deserted the government of Provisional President Yuan Shi Kai than had been anticipated.

Heavy fighting is reported at Kai Kiang, in the province of Kiang Si, after the full following the recent defeat of the southern forces at Hu Ching, in the province of Che Kiang. The southern forces have been joined by the forces at Wu Sung, a seaport 10 miles north of Shanghai, and at Nanking, the southern capital, both in the province of Kiang Si, while the large force of troops occupying them has also gone over to the rebels. The government of the southern forces issued a proclamation today announcing the appointment as president of the Republic of Tsun Chun-Hsuan, a former mayor of Canton and Yuan Shi Kai's old enemy Wang Chung-Wei is named foreign minister and Cheng Huan, Hual finance minister.

The southern rebels yesterday killed 10 officers who had remained loyal to the Peking government, including the new governor of the province of Kiang-Si.

REBELS DEFEATED. KIU KIANG, China, July 18.—The southern troops have taken possession of Kiu Kiang and the forts. The southern rebellious forces have been defeated and are fleeing to Ku Ling, about 15 miles to the south.

Heavy fighting has been in progress for several days all around Kiu Kiang as the result of the dispatch of southern troops to drive out the Kiang Si troops, numbering 9000. Reinforcements now are on the way to aid in putting down the revolt, which has spread all along the Yangtsekiang.

Schoonover U. S. Attorney in South

WASHINGTON, July 18.—Albert Schoonover of Chicago has been appointed by President Wilson as United States attorney for the southern district of California. His nomination, with that of Judge M. T. Dooley to be federal judge in the northern district of California, was sent to the Senate today.

100 Injured in Wild Stampede at Movies

NEWARK, N. J., July 18.—Nearly 100 persons, many of them children, were injured, not more than two of them seriously enough to be taken to hospitals, in a panic at a moving picture exhibition here last night. The stampede followed the setting off of a flashlight to take a photograph of the crowd.

FILES SUIT AGAINST HUSBAND FOR PROPERTY

After raising \$2000 in order to obtain a promise to marry her, Mrs. Sophia Wastanen complained before Superior Judge Smith yesterday that her husband, John Wastanen, had sought to have the marriage annulled on the ground that she had another husband. He had obtained default to his suit and upon his failure to prove that his wife had another husband, Judge Smith set the default aside and non-suited the case.

Today Mrs. Wastanen filed suit to recover the homestead from her husband Richard Martin. She was granted an interlocutory decree of divorce from Berna Martin on the ground of cruelty.

SECOND MATINEE IS SUCCESS TRIBUNE AGAIN PLAYS HOST

HERE IS PART OF THE CROWD OF TRIBUNE READER WHO STORMED THE ORPHEUM YESTERDAY AS GUESTS OF THIS PAPER.

LITTLE ONES ENJOY BILL AT ORPHEUM

Stay-at-Homes Have Time of Lives When TRIBUNE Treats.

They began to gather early again today in the ORPHEUM lobby—those young guests of THE TRIBUNE. Today scores were waiting anxiously at half past ten for the doors to open.

SUCCESS. That's the only way to describe these two matinees given by THE TRIBUNE. By noon they were all there at the doors eager for things to start, yet patient as Job himself. And when the doors finally swung to, maybe you think that crowd of happy-faced youngsters didn't make a rush for the front seats—maybe you don't think so! And then they had to wait some more, but their expectations were so great that time fled like a racehorse.

When that curtain went up there wasn't an empty seat in the house. Every last one contained a very young person, with his or her brother, sister, cousin, aunt or mamma sitting close at hand to see that their charges didn't do anything rash—get up in their chairs and cheer, for instance—cheer for THE TRIBUNE, cheer for THE ORPHEUM, cheer for any and everything, just for the pure joy of cheering. It would have been excusable if they had done so. The program was a "mash" as Willie said afterward. Oh, yes, WILLIE went and sister JANE and both were glad they had the chance.

When you gather several thousand youngsters together in the presence of a good vaudeville bill you're liable to HEAR and SEE some applause. Never were the make-believe people behind the footlights so pleased as with that applause they received THURSDAY and YESTERDAY afternoons. The applause came right from the listeners' hearts—bless 'em—thunderous, deafening, maddening clapping that set the actors on edge and made them do their best. Oh, my dear, yes—those were some matinees. One look at the thousands of faces that came out from the Twelfth street playhouse was enough to tell the tale. There was no need of relating to papa or mamma or big brother or sister the kind of a time the little ones had had—they knew by smiling faces. THE TRIBUNE salutes you STAT-AT-HOMES.

FIRE BURNS OUT TWO WAREHOUSES

San Francisco Firemen Fight Flames, But \$50,000 Worth of Property is Lost.

SAN FRANCISCO, July 18.—A fire which broke out at noon today in the paper warehouse of the Charles Harber company, 2144 street, between Alameda and Fifteenth streets, resulted in a loss of approximately \$50,000 worth of property. The paper burned briskly and it was not long before the flames had spread of the Tamm & Nolan varnish works and warehouse adjoining. A quantity of explosives stored there hampered the work of the firemen and smoke choked up the streets.

Chief Murphy took personal command of the fire fighters and for nearly two hours the flames were kept under control. The two structures were almost a total loss and everything of value was consumed.

How the fire originated will remain a mystery, but it is believed that spontaneous combustion in the heated warehouse was responsible.

Missing Student Clearing Brush "and Seeking Stake"

SACRAMENTO, July 18.—On the mountain road which leads from the settlement of Allegheny, Nevada county, to the Tightwad mine, Philadelphia detectives who are now reported to be hurrying across the continent, will find Caleb Charles Hughes Jr., the New York student, who mysteriously disappeared from the Jefferson Medical College last April and whose father believed he had met with foul play.

Earning what he can by clearing brush on the New Tightwad mine road, Hughes is seeking to "make a stake" which will enable him to buy a ticket to his home in Philadelphia and marry Miss Letty Gibbs, the young woman to whom he addressed the letter from Cal.

tax which brought to his relatives the first information as to his whereabouts.

'White Hope' Fighters Draw the Color Line

SAN FRANCISCO, July 18.—Sam Langford, the negro pugilist, arrived here today from Australia after an absence of nearly two years. Matches were hard for him to find when he left, and they look no more plentiful now.

Arthur Pelkey, the last recruit among the "white hopes," announced a fight before the ship was in sight that he had drawn the color line. Jess Willard will not meet negro. No other white man heavy or clever enough to give Langford a creditable workout is in sight this side of the Rocky mountains.

Vancil, Jewels Thief, Confesses His Crime

SAN DIEGO, July 18.—J. Elmer Vancil, who according to the police, has confessed the robbery in Los Angeles of \$5000 worth of jewels, will be taken to Los Angeles this afternoon on the train leaving at 8 o'clock. An officer from Los Angeles arrived at 1:10 o'clock this afternoon for Vancil and will reach Los Angeles with his prisoner at 6:30 o'clock tonight. According to the police, Vancil has made no further statement about the crime.

COUNCIL ACTS ON STREET MATTERS

Routine street matters were passed by the city council this morning as follows: Adopting plans and specifications for the improvement of Fifty-ninth street from a point 55 feet west of Rose street to the western line of Plot 72.

Revolving permission granted E. H. Sundberg to curb and pave with oil-macadam Gordon and East Tenth streets in Harding's Subdivision.

Directing the superintendent of streets to extend the time for E. H. Sundberg to complete the improvement of Foot-Hill boulevard between Thirty-fifth and Fortieth avenues.

DENMAN TO PRESS OIL LAND SUITS

San Franciscan is Appointed Special Assistant to McReynolds.

WASHINGTON, July 18.—William Denman of San Francisco was appointed today a special assistant to attorney General McReynolds to prosecute pending and proposed suits to recover the government's title to millions of dollars' worth of oil lands in California, Wyoming and other states.

The question involves the legality of President Taft's sweeping oil land withdrawals of 1909 to conserve the country's oil resources and especially to afford the government a supply of fuel oil for the United States navy.

Three suits are pending and Denman, who will make an extensive investigation of the situation, will soon begin many more. Two actions have begun in Los Angeles and recently United States District Judge John A. Riner of Cheyenne decided the suit against the Mid-West Oil Company adversely to the government, which has taken the case to the United States Circuit Court of Appeals.

It will be argued at Denver in September by Assistant Attorney General Ernest Knaebel, who has taken personal charge of this suit.

Prepared by master hands in spotless Kitchens and attractively served in our tastily appointed parlors, the luncheons of Pig and Whistle are a delightful treat.

CITY IS PAID \$6000 LIGHT REBATE

Company Claims It Is Not Legally Obligated to Refund.

P. G. & E. Manager Declares Corporation Has Not Been Given Protection.

Returned to the city of Oakland by the Pacific Gas and Electric Company for lights out during the months of May and June of this year according to a letter filed with City Electrician George Babcock from local Manager Frank A. Leach Jr.

The rebate on the city lighting bills under normal conditions amounted to an average of only \$300 a month. Leach states in his letter that the company considers that it is not legally obligated to allow this heavy rebate under the adverse circumstances under which the company has been forced to operate its plant; that the company would have been able during the past two months to give adequate and satisfactory service if sufficient protection had been granted by the police. The claim is made that cables have been cut, electric shorted, stations put out of commission and employees attacked and beaten.

The normal bill for street lighting approximately \$10,800 a month, with a rebate for lights out in the area and tungsten service of about \$300. The rebate for May to be allowed by the company total \$2900 and those for June \$3100.

The company states that these large sums are not subject to absolute legal demand from the city under the circumstances, but that out of a spirit of fairness the rebate will be made.

The company states that these large sums are not subject to absolute legal demand from the city under the circumstances, but that out of a spirit of fairness the rebate will be made.

SUES TO COLLECT ALIMONY ARREARS

W. J. Covey Testifies That Payments Exceeded Amount Court Ordered.

Efforts of Mrs. Louise Covey to collect \$2000 back alimony from her husband, which are being made before Superior Judge Wood today, resulted in testimony on the part of Wesley J. Covey that he had paid more than the amount alleged to be due. Covey said that he had paid \$10 per month to his wife following her decree for the reason that he could not trust her to provide for their children. He said that it cost him \$15 per month and that he had always paid the amount by check. Testimony also developed the fact that after the intervening divorce the couple had lived together in Pasadena but had not been able to patch up their differences. It is said that since his divorce Covey has inherited considerable money.

Roche Working on Diggs-Caminetti Case

SACRAMENTO, July 18.—Theodore A. Roche, San Francisco attorney, who, with Matt J. Sullivan, has been named by the Department of Justice in Washington to prosecute the charges of white slavery against Maurer Diggs and Drew Caminetti in Sacramento today, working on records for use in the trial, which will be held next month before the Federal Court in San Francisco. Roche was today digging into the records in the State Board of Health, going through the birth and marriage statistics.

Men Hurt by Train On Long Trestle

While working on the Key Route trestle last evening, E. A. Johnson, 635 Sixteenth street, and Earl G. Norden, 254 Eighth street, both of whom were working on the trestle, were hit by a train and had a narrow escape from death. Both received painful injuries and were taken to the receiving hospital by Joseph Wagner of the railroad company.

Norden sustained broken bones in his left foot when he fell beneath the train. The other man was off his feet and received lacerations of his arms and legs.

Swedish Submarine Sinks

STOCKHOLM, Sweden, July 18.—A terrifying accident to a Swedish submarine which sank with her crew like a stone in 200 feet of water on July 2 has just become known despite official efforts to keep the affair secret. The submarine was practicing outside the harbor when by a mistake all of her tanks were filled simultaneously and she sank to the bottom. The pres-

Cuts Throat; Ends Torture

DECATUR, Ala., July 18.—Pinned beneath an overturned locomotive, Floyd Fleming, an engine put an end to his torture by cutting his own throat late last night when spectators of his plight refused his request to kill him. Fleming, with Floyd Hamlin, an air inspector, was testing a new locomotive in the Louisville & Nashville yards when it was hurled from the tracks by a switch engine and overturned. Hamlin died today.

Rev. Palmer to Make Decision Next Week

ARTHUR ARLETT, a trustee of Plymouth Congregational church, in response to a telegram sent to the Rev. Albert W. Fleming, urging him to remain in Oakland, has received a reply. The cable comes from Doctor Palmer at Rome and sets forth that he has not yet made his decision as to acceptance of a Washington, D. C. call, but will announce it next week.

Liberal's Leader Forms New Cabinet

SOFIA, Bulgaria, July 18.—A coalition cabinet was formed today by M. Radoslawoff, the Liberal leader in the Bulgarian Parliament to take the place of the cabinet of Premier Danef, which recently resigned. The new cabinet consists of Liberals and Stambouloff Nationalists. M. Gueardoff has been appointed Foreign Minister.

TO REGULATE PRIVATE PATROL SERVICE IN CITY

An ordinance to regulate private police and fire patrol services, including telephone alarm service, was introduced at the session of the city council this morning by Commissioner F. C. Turner and was given its first reading. The ordinance provides that before any private patrol service shall go into business, permission must be granted by the city council on the recommendation of the commission of public health and safety and of the chief of police.

BURGLARY CONVICT IS ADMITTED TO PROBATION

SAN FRANCISCO, July 18.—Convicted of burglary, Jesse Clifton of Stockton, 19 years old, was admitted to probation today and a sentence of five years to San Quentin was suspended. Maude Shea, her companion, received the same lenient treatment. The two women were arrested in a raid on apartments used as headquarters by a gang of burglars who, with spyglasses kept watch on the movements of the police.

HINES AGAIN IN LIMELIGHT.

Edward J. Hines, the man who figured in the Lorimer case, came into the hearing again today. Mulhall swore that in a letter to the manufacturers August 27 Hines spoke of a promise to send \$1000 to go "into the right channel to be used for legal purposes" in the Eleventh Wisconsin district, where John J. Jenkins was seeking re-election.

Schwedman wrote Mulhall on August 23: "I don't consider Teddy, nor Taft, nor Sherman, nor Foraker, nor the rest of those great men, equal to Van Cleave, Parry, Kirby and the others who have given freely of their energies and their money to a great cause which is expressed in the principles of the National Association of Manufacturers."

The cross-examination of Mulhall on McClave yesterday aroused the ire of

ELECTRIC COMPANY MUST SHOW CAUSE

To Explain About Roadbed and May Have to Construct Block System.

SAN FRANCISCO, July 18.—As a direct result of the unfortunate accident of Sunday at Los Angeles, when fourteen people were killed and numbers of others seriously injured, the state railroad commission issued two orders to show cause against the Pacific Electric company of Los Angeles today. The first order, directed against President Paul Shoup and the directors, is for the corporation to show cause as to whether the general condition of the roadbed is such as to allow for the safe operation of trains. In addition an order to show cause has been made directing the officials to inform the

city begin the construction of an automatic block signal system over the entire set of lines in and around Los Angeles. Commissioner Estabrook and Edgerly will leave here for Los Angeles and will hold a session there on Tuesday at which time the orders to show cause have been made returnable.

Wants Arbitration Tangle Straightened

NEW YORK, July 18.—Seth Low, president of the National Civic Federation, came forward again today in an endeavor to straighten out the tangle arising from the railroad's demands that their grievances be arbitrated along with those of the men.

WASHINGTON, July 18.—Wm. Lea Chambers, whose nomination as Commissioner of Mediation and Conciliation, heading the new federal board for adjustment of the Eastern railway wage disputes, President Wilson today sent to the Senate, has opened temporary offices. Judge Martin A. Knapp of the commerce court and Assistant Secretary Post of the Department of Labor, designated to act with Commissioner Chambers, called with him on the President.

PROPOSES ISSUE OF BONDS IN SMALL SUMS

To issue city bonds in small denominations of \$5, \$10 and \$20 was the suggestion made by J. A. Fenton, president of the Pacific Coast Rattan Company, before the manufacturers' committee of the Oakland Chamber of Commerce today. Fenton proposed that the bonds should be issued as currency and at a low rate of interest. Mayor Frank K. Mott, Charles H. Bickler and H. S. Anderson favored the plan. Bickler stated that the law did not permit the issuance of bonds lower than \$100. The committee plans to introduce a new measure for bonds of nominal denominations at the next session of the legislature.

The members of the manufacturers' committee pledged themselves to work for the success of the coming bond election. That the exhibits of the Chamber of Commerce do not represent the manufacturers' industry was the decision of the committee, who will ask the permission of the directors of the Chamber of Commerce to install a manufacturers' display and also to inscribe the names of the manufacturers of this county in a conspicuous place in the exhibition room.

According to present plans the representatives of the committee will make a trip to Richmond and Winchester next month.

BEGIN SUIT TO QUIET TITLE TO PROPERTY

Suit to clear title to property at the southeast corner of Fifteenth and Jefferson streets was filed today by R. O. Hobson and R. J. Pavert against George E. Hart et al. The complaint sets forth that while the plaintiffs have been owners in fee of the property for some time the defendants claim some right of interest.

ALLEGED FORGER ARRESTED.
SAN FRANCISCO, July 18.—Gaius Heibinger, wanted in Los Angeles for forgery, was arrested here at the home of his aunt, 2153 Broderick street, by Detectives Burke and Richards.

THE TRIBUNE
Is Now 40c a Month

FILE CHARGES OF ADULTERATIONS

State Board of Health Recommends Prosecutions in Several Counties.

SACRAMENTO, July 18.—Charges of misbranding, adulterating and misrepresenting food products, confectionery, liquors, preserves and even well water were filed today by the State Board of Health together with recommendations for the prosecution by the district attorneys in several counties.

In one case it is alleged a firm sold common well water as lithia spring water. The firm is the Herlihy-Griffin Company of San Francisco.

EXPECT CAPTURE OF BANDIT SOON

Highwayman With Two Bullet Wounds Nears Last Stand.

BELLINGHAM, Wash., July 18.—Carrying two severe bullet wounds, and worn out by 12 days of struggling through the forests of Shaw Island to escape the officers who are after him for taking part in a hold-up near Nanaimo, Vancouver Island, July 5, when he and his partner relieved two bank clerks of \$1200, the lone highwayman is almost ready to give up. It is believed today. Lack of food and water will bring him into their hands is the contention of the officers, and no other. Last night the sheriff of San Juan county landed on the island, and a posse of 20 picked men, well armed, was scattered among the farm houses, where the bandit is likely to go for food. When seen Tuesday evening, the highwayman appeared almost exhausted. His clothing was nearly torn from his body, and his face was horribly scratched, while his left arm hung limply at his side from the bullet wound in his shoulder, inflicted by the sheriff last week.

DYER BADLY HURT WHEN TANK EXPLODES

SAN FRANCISCO, July 18.—The explosion of a tank of cleaning fluid in the Dyeing Works, Seventeenth and Polson streets, at 1:45 this afternoon, caused the serious injury of Albert Buckley, a dyer, 47 years old, living at 314 Capp street. Buckley was burned from head to foot. The injured man was working near the tank when it blew up, enveloping him in boiling water. He was removed to the Mission Hospital and Dr. Harrison administered treatment.

MRS. BARTLETT AGAIN ARRESTED IN LONDON

LONDON, July 18.—Miss Rachael Bartlett, assistant editor of the Suffragette, centered on June 17 to the mother in prison on a conspiracy charge, who has been released on license several times, was rearrested last night, after addressing a militant meeting. Suffragettes attempted to rescue her, but were held in check by a large force of police, while Miss Bartlett was bundled into a motor car and driven to Holloway jail.

TWELVE INJURED IN BIG FOUR SMASH-UP

CLEVELAND, July 18.—Big Four passenger train No. 11 struck the Lake Shore & Michigan Southern Passenger Train, due in Cleveland at 4:25 a. m., between Perry and Madison, east of here early today, while the Lake Shore train was held up by a stalled freight. It splintered the dining car and telescoped the next car, a Pullman, injuring 12 passengers.

ABANDON LEASE OF PARK IN BERKELEY

City Council Heeds Protests Against Holding Land of Water Company.

BERKELEY, July 18.—The city council secured this morning from the Peoples Water Company an abandonment of the city's lease of Eucalyptus Park, which place, near the Eucalyptus Grove in northeast Berkeley, was recently leased from the company for a term of years and has since been practically untouched because of considerable criticism of the transportation by different sections of the city. Despite the efforts of the Cragmont Improvement Club to have the park retained, the council proceeded with its efforts to get a release, upon recommendation of the city attorney.

City Attorney Redmond C. Staats presented to the council a new ordinance to take the place of that regarding the removal of weeds from curbs and vacant lots. Staats stated that it was his desire to strengthen the ordinance in some particulars and his recommendation was passed by the council, as an emergency measure, to be effective at once.

REDWOOD CITY HAVEN FOR 2 ELOPING COUPLES

REDWOOD CITY, July 18.—Two elopements were climaxed by marriage in Redwood City yesterday, Justice of the Peace Lamplin being the officiating magistrate in each happy instance.

James Pierpont Coverthwaite, 22 years old, a graduate of the University of California and a member of the Chi Psi fraternity, appeared with Miss Mary Veronica Ryan, 22, of Vallejo, and they were quickly married. Coverthwaite is a brokerage clerk of San Francisco and lives in Berkeley. He has lived with a relative, Mrs. Nye, 1471 California street, San Francisco.

SECRETARY DANIELS TO CONFER ABOUT DRYDOCK

SAN FRANCISCO, July 18.—Secretary of the Navy Josephus Daniels will arrive in San Francisco Monday morning for an inspection of the Mare Island navy yard and a conference with Mayor Robb. The secretary of the Chamber of Commerce with regard to a great new dry dock for San Francisco Bay.

SUPERINTENDENT OF OLD OMNIBUS R. R. DEAD

SAN JOSE, July 18.—Michael C. Jordan, superintendent of the old Omnibus Railroad in San Francisco, is dead at Santa Clara. For many years he had been in charge of the big Donohoe estate in this county, including the Laurelwood farm. Death came at the O'Connor Sanitarium after an illness of several months. Funeral services were held this morning at St. Clair's church, in Santa Clara, at 10 o'clock, where there was a solemn mass of requiem. The burial was at Santa Clara cemetery.

RICH PACKER'S WIFE WINS DIVORCE FIGHT

SAN JOSE, July 18.—After a bitter three years' legal battle, during which sensational charges and counter accusations were made, beautiful Jane Margaret Frank, wife of George Frank, a wealthy packer, was granted a divorce yesterday by Judge John E. Richards. Custody of the daughter was awarded to the mother, who is given sufficient money to take the girl to the home of her parents in England. The custody of the son is given to the father, Gilbert C. Farley, a grand opera singer and well known clubman, was named by Frank.

WANT BOUTS TO CEASE AT CLUB

Initiative Petition Threatened If City Council Does Not Act.

It was declared this morning that if the city council failed to stop the bouts of the Oakland Wheelmen Athletic Club in the Piedmont pavilion an initiative petition would be filed to compel such action. The threat was made by members of the improvement club in the neighborhood.

Hearing of the protest against the Oakland Wheelmen continuing to hold boxing contests in the Piedmont pavilion was given members of the Vernon Heights and Lakeside Improvement Club before the city council this morning, and as a result of the discussion M. M. Moffitt sought, if possible, a new location. Moffitt will report back to the council as to his success within the next two weeks.

WOMAN AGREES TO EXILE FROM STATE

Leaves Oregon to Avoid Being Sent to Insane Asylum.

PORTLAND, Ore., July 18.—Marie Equi, the woman physician who led the disturbance here last night caused by street speakers in behalf of the Industrial Workers of the World, has accepted exile from Oregon rather than face possible confinement in an insane asylum. Her friends assured the police today she would be taken out of Portland before midnight and kept out of the state hereafter. On this assurance she was released from jail.

DEPOSITS \$88,000,000 IN U. P. DISSOLUTION

NEW YORK, July 18.—With a slip of paper in his pocket representing about \$88,000,000, Frederick V. Crosby, treasurer of the Union Pacific Railroad company, walked into the office of the Central Trust company yesterday. He turned the paper over to the trust company and thereby completed the first step in the dissolution of the Union Pacific and the northern Pacific roads, as decreed by the courts.

MORE "CUPID COPS" NEEDED IN BERKELEY

BERKELEY, July 18.—Additional "Cupid cops" are patrol the University of California campus to ferret out couples taking advantage of the shade trees under the "silvery moon."

WAIT FOR GIRL WHO RADIATES A PINK AURA

CHICAGO, July 18.—Picking "the right girl" is the easiest matter in the world if you hunt around until you find one who radiates a pink aura. It's a 10-to-1 bet that that girl will fall on your neck and say "yes," for the pink rays show she is full of affection.

ASK TO HAVE EAST TWELFTH ST. PAVED

Wilber Walker and 35 residents of East Twelfth street, between Thirtieth and Twenty-third avenues petitioned the city council this morning that their street should be graded and paved between Thirtieth and Sixteenth streets. It was decided that as this is a thoroughfare generally used by the citizens at large, that the city should take action.

BLACKSNAKE KILLS 7 CHICKENS IN ITS COILS

HAVERSTOWN, Md., July 18.—Emmanuel Holder, of near Brownsville, awakened by the cackling of his

STRANGER CANNOT TELL HIS STORY

Queer Actions of Man Who Appears to Have Completely Lost Memory.

LOS ANGELES, July 18.—Staring vacantly before him, a well-dressed man about 45 years old, lies on a cot at the County Hospital and moves his lips in ineffectual efforts to explain who he is. Only once since he was taken into custody after three ineffectual attempts to hurl himself beneath the wheels of trains on the Pasadena short line has the man roused from a semi-conscious state sufficiently to speak intelligently.

Then he spoke the words "Louis Miller," and lapsed back into coma before he could answer the question, if that is his name.

TRYS TO KISS COP; ARRESTED

King of Pretzel Sellers Is "Pulled" for Oscular Demonstration.

NEW YORK, July 18.—Meyer Linderman, known as the king of the pretzel sellers of Tompkins Park, who is less than 4 feet high, was a prisoner in the Tompkins County Jail today, charged with French charged by Patrolman John Kiernan, who weighs 200 pounds, with attempting to kiss him. Linderman explained that he only wanted to kiss the patrolman's hand. "I would have kissed it a thousand times if he had only let me alone," protested the prisoner.

BEING A PIG ISN'T SO BAD AFTER ALL

DENVER, July 18.—Mrs. Whitney Newton, a well-known Denver society matron, has a new pet—a baby pig. Young Robert Newton brought home the short a few evenings ago. He was much entertained by the antics of the animal and all went well until he wished to attend a dance. A maid cared for it that evening until midnight when she turned it over to her mistress.

"RIGHT GIRL" ONE WHO RADIATES A PINK AURA

CHICAGO, July 18.—Picking the "right girl" is the easiest matter in the world if you hunt around until you find one who radiates a pink aura. It's a 10-to-1 bet that the girl will fall on your neck and say yes, for the pink rays show she is plumb full of affection.

PAVLOWA THE DANCER TO POSE FOR SCULPTOR

LONDON, July 18.—The Russian sculptor, Soraphin, Soudhine, is in London to model Pavlova, the dancer, in several poses. The order came direct from the czar, and the models of Pavlova, in "The Swan," the "Bacchante" and other of her dances will be reproduced in the private porcelain factory of the czar.

MRS. DESAMONE MUST ANSWER FOR MURDER

CHICAGO, July 18.—Mrs. Elizabeth Desamone was formally charged today with the murder of James James, a wealthy West Side restaurant owner, whose body, pierced with four bullets, was found in a vacant lot in the rear of Mrs. Desamone's home two days ago. Her husband was fired at \$5000. The police suspect that Acqua was slain in the Desamone home and the corpse then thrown into the lot.

BERKELEY

SAYS GIRL MAY SAY 'STOP' SO THAT IT MEANS 'GO ON'

UNIVERSITY OF CALIFORNIA, July 18.—"A Baltimore girl going on the stage cracks her heels on the side. A Boston girl puts her toes down first."

"A woman is poorly dressed when people turn around to look at her after she has passed."

"These are some of the phrases with which Professor Robert Irving, director of the oratory class, has made interesting his course in elocution. Professor Fulton comes from the Ohio Wesleyan University, where he is dean of the college of oratory. He was elocution instructor to President Woodrow Wilson years ago and fellow-student with William Jennings Bryan. To his class yesterday he said: "The literature will accept the truth if it is expressed properly. The perfection of oratory is the perfection of talking to people. You can change the meaning of a word by elocution. A girl may say 'quit' or 'stop' so that it means 'go on.'"

of eloquence. The men who moved the world have been the men of great passion, the men who overlastingly hated the false. The man who can get genuinely mad is a power if he can control himself. It is controlled emotion that moves an audience."

Study elocution by watching your sister's baby and seeing how he breathes, using his abdominal muscles. Notice how a dog breathes. Because he breathes correctly he can bark all night and not get hoarse. A dog understands the elocution of his master, not his words. A dog is the best sort of elocutionist."

"A pig is so constructed that he does not see the sky, and therefore he uses only the natural tones and grunts. Turn him over with his face to the sky and he stops grunting and squeals. He sees something he never saw before. We should turn our faces to the sky."

GIRLS NOT PRIZE OF STRAW-DRAWING

Miss Burson Declares She Did Not Figure in Lottery of Love.

ALAMEDA, July 18.—Miss Vera Burson of 1717 Eighth street, this city, who figured as the heroine in a San Francisco newspaper straw-drawing love romance last night, is under the care of a physician at her home here. The young woman came home last night in a hysterical condition after reading of her alleged romance to Edward A. Tolley, a real estate solicitor in the employ of A. J. Rich & Co.

Miss Burson's mother and sister indignantly deny that Miss Burson allowed Tolley and a second sister to draw straws as to which man she should wed and that she bestowed her affections on Tolley after the latter was lucky enough to draw the straw. The sister, who is denied that the young woman is engaged at all. The mother at first declined to say anything but later, when Miss Burson caused her to declare that her daughter was the victim of a cruel hoax. The mother said that she knew Tolley and his family and that the young man and his family were friends of the Burson family, but that no engagement existed.

She threatened future trouble for those responsible for the story and said it was concocted by parties at the Palace Hotel in San Francisco where Miss Burson is employed as a telephone operator.

VISITS WITH STARS OF MAJOR TEAMS

ALAMEDA, July 18.—George W. Nellis, a widely known traveling salesman and manufacturer's agent and former manager of the Alameda hall team, is back from an eastern business trip. Nellis seized the opportunity while east of seeing several of the big league teams in action. He met Duffy Lewis of the Boston Red Sox and several other California players who are among the big stars of the eastern baseball circuit.

Nellis returned west in advance of his wife who remained in the east to visit her relatives. After her return the couple will probably move from Alameda to San Francisco.

GIVES ORGAN RECITAL UNIVERSITY OF CALIFORNIA, July 18.—The third summer session organ recital was given last evening at the First Presbyterian church before an audience of good size by Dr. H. J. Stewart, organist at St. Dominic's church in San Francisco. He was assisted by Mrs. Carrie Brown, soprano.

Dr. Stewart gave several numbers from his own compositions and one by Arthur Foote, "Solemn March in E Minor," dedicated to the organist by the composer.

MISS BARROWS IS BADLY SCALDED

Daughter of University's Acting President is Painfully Burned.

BERKELEY, July 18.—Falling as she was carrying a vessel of boiling water, Miss Anna Barrows, the pretty 17-year-old daughter of Dr. David P. Barrows, acting president of the University of California, was badly scalded yesterday afternoon. She escaped serious injury by the narrowest chance.

Miss Barrows was carrying the pitcher of water from one room of her father's home at 2617 College avenue, to another when she stumbled at the edge of a rug and fell. The water upset upon her head and shoulders. Members of the family, alarmed by her screams of pain, hastened to her assistance and rendered first aid until the arrival of Dr. Mary Sampson.

The young woman was treated for burns on her head and shoulders and right side, but Dr. Sampson anticipates no complications. Dr. Barrows was summoned by telephone from the president's office and hastened home to help care for his daughter.

Miss Barrows was graduated from the Berkeley High school with the last class and is to enter the university in August. With her family she recently returned from a vacation in Southern California.

TOURS LAKE COUNTY VISITS AT RESORTS

MISS ADELINE TOY.

ALAMEDA, July 18.—Miss Adeline Toy, former vice-president of the Alameda high school student body and one of the graduates of the class of last June, is spending a portion of the vacation season in Lake county. She and her family are touring the different lake resorts. At the graduating exercises of the high school Miss Toy was one of the two student speakers, giving an address on immigration.

ALAMEDA PERSONALS

ALAMEDA, July 18.—The Misses Charlotte and Louise Thompson, and brother, Harvey Thompson, of Cedar street, are at Towle for an outing of two weeks.

Mrs. Frank Lee returned last night from an extended stay in Virginia, her home state. Her daughter remained in the south for a longer stay. Mrs. Lee was glad to be back in California, her health being below normal during the latter portion of her visit.

Mrs. H. Frost and son and Miss Martha Oponenaw are at Coit.

The Misses Elizabeth and Esther Don are home from an outing spent at San Anselmo. They were accompanied by the Tamapais was a guest of their brother who built an outing bungalow at San Anselmo this season.

Mr. and Mrs. H. L. Eastman are summering at Shasta Springs. The Eastmans were a great joy to the family. Mrs. W. Y. Swaine, Mrs. Louis James and Mrs. Charles O'Neil are among the Alamedans who are guests at Shasta.

Dr. and Mrs. William Shepard have returned from a month's stay in Hawaii. Mr. and Mrs. William M. Tudor (Lilla Fordner) have returned from their honeymoon and are now settled in their new home in Berkeley. The wedding took place at the Fordner home in this city last week.

Mr. and Mrs. Charles Adams send word home that they are having a splendid time in Aurora, Ill., the home city of Mrs. Adams.

BERKELEY PERSONALS

BERKELEY, July 18.—Mr. and Mrs. Bert Glover, who were recently married after a week's acquaintance at the Stitt ranch near Vacaville, are prolonging their Berkeley visit a week before leaving for their honeymoon trip to the east and south.

Mr. and Mrs. Herbert W. Whitworth have returned from an extended tour of the Atlantic seaboard and southern states, which occupied them during their honeymoon. They visited with relatives in the east and south.

Several university and town people are summering at the local party there are Professor and Mrs. Hugo Karl Schilling, Professor and Mrs. L. J. Demetter and family, Mr. and Mrs. Americo Corbado, Clyde Court, Mr. and Mrs. C. W. Wilkinson and Miss Dorothy Wilkinson, Mr. and Mrs. S. W. Wathles and others.

Mr. and Mrs. Edwin H. Clark are on their way east and to France after a visit with Mrs. Ida Church of Elm street. In France they will be guests for a while at the beautiful chateau of former Senator and Mrs. W. A. Clark.

Attorney Leon A. Martin left Wednesday evening for the east to be away a month. He will attend the national convention of building and loan associations, which is to be held at Atlantic City, tending to the convention an invitation to come to the bay in 1915.

Rev. Samuel C. Patterson of the North Berkeley Congregational church, who is on an European trip, is at present traveling through France. He is expected home in August.

MUSIC TEACHER ENDS HER LIFE

Miss Marie C. Donnelly Found Dead in Home of Friend in Encinal City.

ALAMEDA, July 18.—Mystery surrounds the suicide of Miss Marie Catherine Donnelly, a well-to-do music teacher, whose lifeless body was found yesterday evening at the home of Miss Mary H. McLean, 1622 Willow street. Miss

ISSUES TAX EDICT CITIZENS ARE WARNED

E. V. GOVE.

BERKELEY, July 18.—There are 350 owners of unsecured property who will shortly have their persons affected at auction unless they promptly pay their taxes, according to the ultimatum today of City Treasurer E. V. Gove. Gove is determined to have all taxes paid before the first of next month.

The seizure of property will be under the provisions of a new law just now in effect for the first time. Several notices have been mailed by Gove to the delinquents explaining the law and he has also placed a new deputy in the field to make such collections.

"I regret," says Gove, "that we must take such extreme steps to compel people to pay their taxes, but the ordinance makes these provisions and it is our duty to enforce the ordinance. The property is now subject to seizure, but I want to give the property owners one more chance."

They refuse to pay the new field deputy the amount due, then we must take the property and sell it. After the last Monday of this month a penalty of 20 per cent will be added to the taxes.

RECEPTION FOR WOMAN PASTOR

BERKELEY, July 18.—The Helping Hand society of Bethany Congregational church is arranging a reception for this evening in the parlors of the church in honor of Dr. Ella W. Brown, newly appointed pastor of the congregation. She will share her honors of the evening with Mrs. W. Green, new organist of the church.

GRAND CIRCUIT RACES POSTPONED FOR DAY

PITTSBURGH, July 18.—After vainly trying to put the Grand Circuit track in condition, managers of the Grand Circuit races this afternoon cancelled the program for the day.

FAMOUS READER TO PRESENT PLAY

Miss Edith Coburn Noyes to Give "Peg Woffington" at the University.

UNIVERSITY OF CALIFORNIA, July 18.—The University of California has succeeded in securing Miss Edith Coburn Noyes for a literary recital to be given at Harmon Gymnasium Monday evening, July 21, at 8 o'clock. Miss Noyes, who

school of expression of Boston, is an artist of natural reputation, and has won the highest praise from the press in the big centers of this country.

The announcement is of special interest, for, while Miss Noyes has given a number of private and club readings during this visit to California, this will be the only opportunity for the general public to hear her.

On Monday evening she will give Charles Reade's comedy, "Peg Woffington," representing the action part—seven characters unadorned by scenery, costumes or text.

Miss Noyes' method is based upon the French school of voice and gesture of which Sarah Bernhardt is the greatest exponent. She brings to her impersonations a wide experience, a sympathetic and keen insight into human nature, and a marvelous power of self effacement. These qualities added to a charming personality and a wonderful voice, have given Miss Noyes the pre-eminent place as the most brilliant reader on the American platform today.

RUTH CROWE IS LAID IN GRAVE

Dying Wish of Young Girl to Visit Mountains Fulfilled by Waning Strength.

ALAMEDA, July 18.—Funeral services for Miss Ruth Crowe, 16-year-old daughter of the Rev. and Mrs. E. J. Crowe, were held today from the Santa Clara Avenue Methodist church. The services were conducted by the Rev. S. D. Hustings of Berkeley, assisted by other Methodist divines, the father of Miss Crowe being pastor of the Santa Clara Avenue church. The assisting ministers were the Rev. William M. Martin and the Rev. F. D. Bovard. The music was under the direction of Miss Linda Wilson, organist of the church. The pallbearers were Homer Hartley, Birch Ioka, Ralph Smith and Charles Remanzoviz.

The casket was covered with beautiful floral pieces, floral tributes being sent from many different cities and towns in the State. The interment was in Mount View cemetery.

The young girl was an Alameda high school student until her illness caused her to leave school before the close of last term. She was a great lover of the mountains and expressed a wish shortly before her death to be moved to the high altitude. All plans to gratify this wish were completed but the young girl died so rapidly that her strength was not equal to the journey and she died at the family home on Eighth street.

The wedding will take place in the fall.

MISS JESSIE BEVAN TELLS ENGAGEMENT

ALAMEDA, July 18.—The engagement of Miss Jessie Bevan and Alfred Benton has been formally announced. Friends of the young couple have expected for several months that the two were engaged. Miss Bevan is the daughter of E. J. Bevan, recently appointed a member of the police and fire commission. Benton is the son of Mr. and Mrs. Thomas Benton.

The young man's father is a well known coast business man and is one of the greatest revolver shots in the world, having repeatedly won championship titles in the various shooting contests. Mrs. Herbert Connor and Dr. Thomas Benton, who recently married Miss Wanda Brant, both he and his fiancée have lived in Alameda for years and possess an exceptionally large number of friends. The wedding will take place in the fall.

ART CALLED HUMAN

"Art is important because it is so genuinely human," declared Mrs. Rosa K. S. Barry, chairwoman of art in the San Francisco district of the federation. "In its earliest form it represented the attempt to save the savage from the oblivion of his primitive existence. It has ever been the deepest emotions. It has had a development commensurate with the development of the world itself. Through its progress world-history is to be traced, the manners of races, the change in racial manners of thought and modes of living."

Mrs. Barry's subject was "The Value of Art Study." A more localized treatment of the same theme was presented by Mrs. R. E. Holway of Berkeley, art chairman of the Alameda district of the federation. Mrs. Holway spoke of the history of art in California, contemporaneous in its beginnings almost with the little settlement of Yerba Buena that grew into the town and city of San Francisco. The speaker mentioned a number of the artists who had been famous in early, middle and later California art.

WOULD CREATE EXHIBIT.

"As an indication of the growth of this university," Mrs. Holway said during her address, "is the fact that our great collection of art works has had to be hidden away from view. We want to get those pictures long before the fair comes and make them really a part of the art of the West."

Other speakers of the morning session were Mrs. J. E. Hughes, art chairman of the northern district, who outlined a practical working plan for the country clubs in art study, and Miss Susan Smith of the California State Library, who told what that institution could do to promote art study in California.

The afternoon's session opened with another brief word by Mrs. Orr, included in the afternoon program were the following addresses: "Some American Painters of Today," Mrs. J. E. D. Trask, art director of the Panama-Pacific Exposition; Mrs. J. E. D. Trask, president of the women's board of the exposition; "The Philosophy of the Beautiful," Prof. I. B. Stoughton-Holborn, lecturer for Oxford and Cambridge Universities.

WOMEN TO GIVE DANCE

ALAMEDA, July 18.—Mrs. Evelyn Mulford will give an open air story hour to the children of Alameda, McKinley park tomorrow morning, commencing at 10 o'clock. The stories tomorrow will be tales of the olden times.

The subjects will be taken from the Jack Orr and Alexander Ward stories, which proved of so much interest last summer.

EAGLES TO INITIATE

ALAMEDA, July 18.—Alameda Apple of Eagles will initiate a large class of candidates in Woodmen hall next Thursday evening. The apple is getting ready to give many new candidates since the summer session began a few months ago, and the membership is rapidly gaining.

Another matter that will be taken up that has been forward.

Operation a Success But the Patient Died

Seals, Angels and Oaks Are All Shut Out

Klawitter Swiped the Necktie of "Jinx"

Champs Only 4½ Games From Top

Matty Baldwin and Frankie Burns in Line as Next Local Card

Billy Fitz Says, Says he:

Grooters, the greatest number to attend a ball game in a week day in the history of the city, turned out yesterday to welcome the champions for their stay of a month in the territory of the Famous Jinx—and the P. J. won the first two falls in rapid succession—3-0 and 5-0.

Ten days ago, the suggestion was advanced in this column that the fans should rally about the team, which at that time had lost but three out of fourteen games. It was intended that even if the Oaks had continued to lose right up to the time they returned last evening, the fans would rally about them and show their true sportsmanship. In this spirit "Rally Day" was born and adopted by the Progress and Prosperity Committee of the Chamber of Commerce. No sooner was the movement given publicity than the Oaks started to win and they won seven straight games, right off the bat. To have a fan who comes to a victory would have capped the climax in green, but was probably asking too much of any fan.

Oakland lost but very little ground yesterday despite the two defeats, for the Seals were smeared with whitewash yesterday, and so were the league leaders, Portland and San Francisco. The result was a fraction, four and a half games ahead of Oakland and Venice. It appears to have been a day of shut-outs, for both games in the State League resulted that way, and the Northwest League and big leagues had their share of kalsomine.

Jack Liver and Klawitter are the only Wolf pitchers whom Oakland have not beaten. Wolverton appears to have a pair of aces in these two boppers. Klawitter outpitched Harry Ables in the first game. "Jumbo" had his curves working in almost unhittable style but he had little license to win with the box score showing seven bases on balls, a wild pitch and one better hit.

The first game was a beautiful battle, the two pitchers pulling themselves and their teams out of bad holes. A bobble by Cook and a rib-poke permitted Hallman to lead off with a home run. The second game was a close one, but Young leaped victoriously to center, the ball getting past Zacher for a three-bagger. Young scored on Lewis' single.

Anyway, we would rather be spanked by Harry Wolverton than by anyone else.

The Oaks did not figure to win that battle yesterday, nor does any team after it has won seven straight. It was in the nature of things that a spill was due, but the progress and prosperity bunch showed themselves to be real sports when they came right back after the first defeat and presented a huge floral horseshoe to the team. They sang and rooted through the greater part of the afternoon, and in the end, in view of the discouraging surroundings, was proof of team loyalty.

Just before the "loaded" coffin was fired, Dutch Klawitter, the Wolf pitcher, reached in and abstracted the necktie from the corpse. This he wore in his

If I should die
And I should come to my white
shroud.
And whoop it up, and cry to me
about.
"Those Oaks have won a game
On their home grounds!"
Despite my wounds.
The shock
Would make me rise and
Chase them round the block!

hip pocket throughout the game and exhibited triumphantly afterward as an explanation of his victory.

The second game yesterday afternoon was lost so quickly that the fans had little time to do any rooting. Zerk Lohman of Waco, Texas, who shut the Angels out 1 to 0 last Sunday essayed a similar stunt yesterday. All Lohman showed was control. He slipped the ball over the plate in a groove, and the Wolf batters hammered it out in clean, powerful drives. Charley Pruitt relieved Lohman in the second inning, after three runs had been scored, and two men were on base.

A wild pitch and a single scored two more, but after that Pruitt steadied down and pitched a fine game, permitting no more runs. Mizze relieved Pruitt in the seventh, and sent Kaylor and Clemens into the net. Neither had a chance in the net, nor accomplished anything at the bat.

Henry Peterson, the young St. Martin's college pitcher, has been sent to the North Yakima team in the Western League. Peterson was a member of the Western League club to gain experience.

Manager Kelley of the Indianapolis Americans has been suspended for a five day period by President Chivington for persistent umpire bating.

Kid Mohler whanged out a couple of safe ones. He also received a sum in the slats from a pitched ball.

President Lynch, of the National League has sent the following notice to all club managers: "League umpires have been instructed to enforce rule 24, section 1, as follows:

"If, with one or more runners on the bases, the pitcher (either by accident or intent) drops the ball while in the act of throwing, while in the act of throwing, or while in the act of throwing, the runner or runners will advance one base."

"Please inform your players of the above."

Chappelle Cost White
Sax \$18,000

CHICAGO, July 12.—The Tribune, stating that its story is authorized by President Comiskey and supported by a perusal of the bill of sale, today declared that the price paid Milwaukee for the catcher, Chappelle, was \$18,000.

Players—John Beal, or \$3000 if for any reason Beal failed to report for work; one catcher by January 2, 1913, or if a satisfactory one cannot be found, \$1500 in cash.

On this basis Chappelle cost the White Sox \$18,000.

Murray and La Grave
Fight to Draw

BAKERSFIELD, July 12.—Fighting Billy Murray of Taft, and Antonio La Grave of San Francisco, fought 15 rounds to a draw last night at Taft before a \$1000 house. Murray is thought to have had a shade on rounds, La Grave was the more aggressive of the two. Fritz Holland was to have fought La Grave, but broke the arm in training, three days before the fight.

Frank Fields of San Francisco was the referee.

THE SPORTLIGHT ON EVERY FIELD

Athletics at Harvard university netted \$157,559 last year as against \$112,097 for the year ending July 31, 1911. The increase of \$45,462 was due to the fact that the football team netted \$121,000, as against \$75,000 in 1911.

More than \$250,000 was won in prizes on the British turf last year. In the last 20 years more than \$75,000,000 has been won in Great Britain in horse racing prizes.

Rev. P. Heffernan, the Catholic priest of St. Mary's, has been given a permit to conduct boxing contests, the first ever given to a priest, will be assisted by clergyman of other denominations in staging the events for the young men of that place. In the fall the first boxing contest will be put on, and in addition to the boxing, there will be acrobatic, track contests and other sports included in the program of the athletic club.

This year's big football game between Yale and Princeton will be played at New Haven on Saturday, November 15. The Yale is Harvard's main rival, and is played at Cambridge on Saturday, November 22. Langford will referee and Snow umpire in both contests.

Clarence Griffen and John Staehlan, coast tennis champions in doubles, have been chosen to play the national clay court tournament July 21. They will compete both in the singles and the doubles. Both players will give an exhibition of their game next Saturday.

Al Carson, the former Tiger pitcher who was traded to Walter McCredie for Elmer Koenig, is slated for the Portland team of the Western League, according to reports. It is thought that McCredie will take Martindale, the former Oakland twirler, and send Carson to the Colts in exchange. Martindale is the young twirler who pitched a few games while wearing glasses on the field. His eyes are said to be stronger now.

HOW CAN BASEBALL BE IMPROVED?

Free baseball tickets will be awarded to the fans who offer the best suggestions for the improvement of the national pastime either in scoring rules, conduct of players, game rules, care of players, method of handling public, etc. Suggestions will be submitted to magnates after they have been published.

ATTENTION TO FANS.
To the Sporting Editor: I think an improvement to the great American game would be that when a new player goes to take the place of another, not only have the umpire announce the name of the player to the fans, but also have the name of the player to the bleachers. Yours truly,
CHAS. FIEBERLING,
172 Eighth street, Oakland.

CORRECTION NOTED.
To the Sporting Editor: I desire to mention that I was referring to Fiebler and not Fiebler James as printed; also the signature is A. L. Dieden and not A. L. Leeden as published. Accent the writer's thanks to you for my version of the game such a show.
Very truly yours,
A. L. DIEEDEN,
2143 Grant.

WANTS PLAYERS TO HURRY.
To the Sporting Editor: There are some pitchers who think the batter is nervous, delay the throw to the plate which takes some precious seconds toward delaying the game. I think that the relief pitchers should wear up before the game starts. ers who crab after the umpire has given a decision should be sent to the bench as soon as possible as the cramping takes.

"Another way to hurry the game is to have the umpires give the players a few words every time they are hurrying the game along. Those players who seem to be walking purposely slow, be fined, letting the umpires be the judges. If each player would keep thinking of getting the game through in record time and would do it good naturedly there would be more pleasure in seeing a baseball game."
Yours truly,
THOMAS FORKING,
5011 Thirteenth street, Berkeley.

To the Sporting Editor: The best suggestion that I can give you is to

LEAVITT THANKS FANS FOR BIG RALLY

By FRANK W. LEAVITT
President Oakland Baseball Club.

I want to thank the fans of Oakland, the members of the Progress and Prosperity Committee and the press for the manner in which they turned out yesterday to greet the team on the first game of its month's stay at home. We have won seven out of the last nine games and are now only 4½ games from the top of the league. Mizze and his men would have given anything to have won yesterday and repay the fans for their enthusiasm, but what happened only goes to prove that baseball is thoroughly honest. Sacramento won on its merits and played fine ball, but we feel confident we will win the series. The Oaks will be right up there from now on, for our slump is over.

By LOUIS ABER
Chairman of Special Rally Day Committee Press and Prosperity committee.

No explanations or excuses are necessary. We planned this ten days ago when the Oaks were way in the cellar and were losing steadily, and we would have carried it through had we never won a game. Right after we announced our plans, the team won seven straight games and assumed just the confidence and spirit which we hoped to instill. It is always the perversity of fate that prevents us from enjoying that satisfaction by turning out ten thousand people on a week day to cheer for the Oaks we made "Rally Day" a "successful operation even though the patient died."

Tony Blanco has signed to play the balance of the season with the Vallejo Independents after next Sunday when he will pitch for Joe Solaris' team against Petaluma who will have Dutch Reuther in the box.

YESTERDAY'S RESULTS.
Sacramento, 3; Oakland, 0 (first game). Sacramento, 5; Oakland, 0 (second game).
Portland, 1; San Francisco, 0.
Venice, 3; Los Angeles, 0.

TODAY'S GAMES.

Venice at Los Angeles.
San Francisco at Portland.

YANKEE RACQUETERS ARE VICTORIOUS IN DAVIS CUP MATCHES

Williams and McLoughlin Win
First Contests in the Preliminaries.

WIMBLEDON, England, July 12.—R. Norris Williams was pitted today against E. P. Schwengers in the first match between the two Americans in the Davis cup preliminary lawn tennis tournament. He won the first set by six games to four and the second set by six to two.

Williams had all the better of the early games in the first set. Schwengers, who was obviously nervous, did not play up to his real form until the fourth game, which, however, was finally credited to Williams. The score was then 4 to 0. The Canadian then made a remarkable rally and succeeded in making Williams' last service. He scored numerous points by clean passing and took the score to 4-4. Then Williams regained his stride and in only one afternoon did the Canadian veteran press his youthful opponent, who ran out with six games to four. Score by points:

Williams	4-4	8-3	1-2	4-2
Schwengers	1-2	6-5	4-1	2-2

Williams won the third set by six games to four and therefore carried off the match in three straight sets, 6-4, 6-2, 6-4. McLoughlin beat Powell in the first set six games to one. He won the third set by six games to four, taking the match in straight sets, 10-5, 6-1, 6-4.

FOURTEEN BOUTS CARDED IN SAN FRANCISCO THIS EVENING

Innovation of Former Boxing
Stunt Watched With Much
Interest.

Wednesday evening's card of pugilistic events of the Wheelmen's Club cleared away, when Promoter Jimmy Rohan was busily at work preparing an appetizing dish for next month. In Rohan's estimation a bout between Frankie Burns, the local lightweight, and Matty Baldwin, who meets Leach Cross at Los Angeles on the 29th of this month, will be one of interest to local fans.

The young local promoter has already succeeded in gaining Burns' consent and is now in communication with Baldwin. It is expected that Matty will agree to meet the local boy, the easterner wishing to come to this coast for a tour. Burns and Matty fought a whirlwind 20-round draw in San Francisco on September 29, 1911. The August show of the Wheelmen's Club will be held on either the 5th or 13th.

Tom McCarey, the Los Angeles boxing promoter, has almost completed negotiations for a Kid Williams-Eddie Campi match for 20 rounds. The bout will be fought at Vernon, August 12. Sam Harris, manager for Kid Williams, the Baltimore bantam, has already signed articles and as Tim McGrath, the little San Francisco manager, has long stated that he was going to "go into the ring with his protégé," it is unlikely that the match will be consummated.

The boys are to weigh 116 pounds, rhinoceros. Williams, about the last to come a certainty, will be presented just before the battle with a diamond belt, emblematic of the bantam championship. If Campi should win, Williams will be one of the shortest title holders on record.

Fighters of all sorts will don the starred gloves this evening at the Dreamland athletic club's fistic show at the Palace. The show is going to be something new on the coast. He is going to stage 14 bouts, with seven referees and two expert seconds, having the first six pairs of pugilists, owing to their inexperience. That's going some so far as quantity and novelty is concerned. Inasmuch as the bay district follows a pugilism love to witness slugging contests, there is much interest being evinced in the affair.

The six introductory bouts are to be four rounds each of two minutes duration. Spider Kelly will be in one corner and Eddie Hannon will be in the opposite corner. The lads who will tangle in these mixups are Artie Stein vs. Walter Old Devil, Kid Ford vs. Eddie Stanley, Young Fogo vs. Sam Le Roy, Jimmy Delan vs. Joe Lapoint, Jim Sullivan vs. Tom Daly, Frank Farley vs. Al Krohn.

Referee Billy Burke, of Sacramento; Al Murphy, Rev. Lee and Martin Lawler will officiate at these bouts, while Harry Foley, Doc Koenigstein, Rawhide, Kelly will referee the remaining bouts, which are as follows:

Kid Wolf vs. Joe Vuchnich, 135; Willie Benn vs. Lee Greiner, 135; Dutch Schreyer vs. Stanley Dean, 160; Sam Slavich vs. Stanley Dean, 160; Al Kreiser vs. Soldier Courtney, heavyweights; Sammy Frankie vs. Lee Keeling, 135; Bubbles Robinson vs. Charlie Picato, 133; Sailor Grande vs. Bobby Ross, 160.

This first bout is to be staged at 7:45 sharp and no delays will be allowed to occur between the various contests, as the lads will have their gloves attached and will be ready to step into the ring immediately after the previous go is over.

"A Hat to Fit Your Face"

Bertilion

1025 Broadway
Bet. 10th and 11th Sts.

Cash is Law on Straw and Panama Hats

It is a regular and unwavering rule of this establishment not to carry goods from one season to another. We give the benefit of the new and latest style Hats at a price way under worth, while the Hats are in the height of season, new, fresh and up-to-date. Remember, Hats or Hat styles out of season or date are not bargains at any price. Bertilion gives you the right thing at the right time at less than the right price.

For your unlimited and unrestricted choice of the finest and best Straw Hat in this entire stock of hundreds to choose from; also dozens of the newest, freshest and most desirable of Panama Hats, our own importations, bleached and styled under our own supervision in our factory affiliations in the east. This reduction is unprecedented in the annals of strictly choice merchandise, but on account of our power to own all that is good and new in Men's Headwear at less than other dealers, enables us to throw off the custom of getting all you can as is a general rule in merchandising. We retain our own trade and garner the new trade by giving unmatchable values from January to January, year in and year out. The stock offered for your selection is the largest and most complete on the Pacific Coast.

Bertilion is offering for \$5.00 your unlimited choice of the finest Panama Hat in this big store. This includes the very latest arrivals by express, values \$7.50, \$10 and some better. Pick the one you like best, the style that is most becoming to you and you will be the owner of a very select Panama Hat that will wear for years, all for a \$5.00 note.

TREET IN CAREFUL MOOD WHEAT DECLINES BUYING SCATTERED

Advance on Stock Continued Conservatively Opening Prices Lower; Big Shipments Are Predicted

CHICAGO, July 12.—Wheat declined today, influenced to some extent by predictions of larger world shipments. Buying here was only a scattered sort and speculation was a rule. The market was inclined to the selling side. Opening prices were 1/2 to 1/4 lower. September, which started at 88 1/2, closed at 88 1/4, a loss of 1/4. The market was inclined to the selling side. Opening prices were 1/2 to 1/4 lower. September, which started at 88 1/2, closed at 88 1/4, a loss of 1/4.

FORECAST The weather is generally clear and warm. The temperature is in the 70s and 80s. The wind is light and variable. The sea is calm. The sky is blue with a few clouds.

REAL ESTATE

40 Beautiful Bungalows
Now Built or Building in HAVENSCOURT

When you go shopping you want to go where there is a big stock and a good assortment. Come to HAVENSCOURT Sunday and inspect the biggest "stock" of beautiful, modern, artistic bungalows you have ever seen. Many houses now occupied—seven or eight families moved in this week—many more bungalows all complete and ready to look at. Lots of them in course of erection. All the best builders are building in Havenscourt—McArthur Bros., Pfang, Wood, Barkoff, Bellefontaine, Nelson, Jones and McGovern, etc., etc.

REAL ESTATE

40 Beautiful Bungalows
Now Built or Building in HAVENSCOURT

When you go shopping you want to go where there is a big stock and a good assortment. Come to HAVENSCOURT Sunday and inspect the biggest "stock" of beautiful, modern, artistic bungalows you have ever seen. Many houses now occupied—seven or eight families moved in this week—many more bungalows all complete and ready to look at. Lots of them in course of erection. All the best builders are building in Havenscourt—McArthur Bros., Pfang, Wood, Barkoff, Bellefontaine, Nelson, Jones and McGovern, etc., etc.

HAVENSCOURT
Is in the heart of Oakland's "warm belt"; Southern Pacific transportation; macadamized streets; concrete walks; sewers: water.

For rent, farm, country home; pick up. MITCHELL, 299 Bacon Bldg., Oak. 3553.
